FY25 ONE TIME REQUEST
(D)

SEXUAL ASSAULT
AWARENESS MONTH

The Women and Gender Resource Center is seeking funding for Sexual Assault Awareness Month (SAAM) programming.

The Project: The WGRC is actively committed to raising awareness of sexual violence and we believe this is critically important for several reasons. SAAM is an opportunity to join a national platform to focus attention on the prevalence and impact of sexual violence. During SAAM, we educate our campus community about the dynamics of sexual violence, consent, healthy relationships, and campus and community resources. SAAM encourages those directly impacted, advocates, and our UH community to break the silence and stigma around sexual violence and create a campus that is committed to addressing this issue. SAAM programs also foster community engagement and involvement. By participating in our events, we encourage individuals to actively engage in the conversation, challenge harmful attitudes, and collectively work toward preventing sexual violence. This year, we are hoping to continue signature SAAM events, including a campus and community resource fair, educational workshops around consent, and programs dedicated to raising awareness and support for survivors. We are also looking to increase campus signage during the month of SAAM (April) to increase knowledge about sexual violence and available resources through WGRC. Finally, typical to recent years, we are seeking to partner with UH Wellness for our SAAM initiatives.

DSA Strategic Initiative:

Student Success: Champion exceptional opportunities and services to support all UH students.

SS3: Foster the holistic well-being of all students through coordinated, intentional services and processes.

Resources: Evaluate, actively pursue, and leverage resources to enhance the UH experience.

R2: Pursue and develop resources to address identified gaps and needs.
