Sarah Norman - mid-twenties. Deaf from birth.  
(This character **MUST** speak the last line of the show though)

Orin Dennis - in his twenties. Has some residual hearing: a lip reader

Lydia - in her late teens. Has some residual hearing, a lip reader (I might have someone for this part- company member we'll see if she can do it)

*The authors note: The author insists - in any professional production of this play - the roles of Sarah, Orin and Lydia be performed by deaf or hearing impaired actors.*
