STAAR End-of-Course

2020–2021 Test Administrations

Reporting Student Data File Format

Overview

All STAAR data for end-of-course (EOC) assessments will be reported on the same data file. There will be one record on the data file for each subject for which a student is assessed. Following is a list of the most significant changes being implemented in administrations starting fall 2020 through summer 2021.

- 1. LEP-INDICATOR-CODE now accepts value E. This value is to be used if a student has previously been identified as LEP/EL, has met reclassification criteria, and has completed four years of monitoring. The student continues with this status through the remainder of his or her school years in Texas.
- 2. SPEECH-TO-TEXT accommodation has been added for students testing online. This accommodation is available for English I, English II, and English III only.
- 3. TEST FORM VERSION has been added to indicate what version of form was administered during the 5-week extended window. This field applies for English I and English II tests only.
- 4. On-demand data file fields are indicated in the file (available for Spring 2021 and Summer 2021). These fields are shaded in gray.
- 5. CAREER-AND-TECHNICAL-ED-INDICATOR-CODE field has been removed.
- 6. <u>STAAR PROGRESS MEASURE INFORMATION</u> and <u>STAAR PREVIOUS-YEAR INFORMATION FOR CALCULATING THE</u> <u>STAAR PROGRESS MEASURE</u> in 2020-2021 will use academic performance from 2018-2019 as the "prior year".

NOTE: The data will be provided in a fixed-length text file format (no header) as well as a CSV (comma separated values) format (with a header) in the layout defined next.

ITEM LEVEL INFORMATION

431–498 68 ITEM REPORTING CATEGORY NUMBERS

The number in each field indicates the reporting category measured by the corresponding item. For example, the value in the first field, position 431, indicates the reporting category measured by item 1. The second field, position 432, indicates the reporting category measured by item 2, and so on.

Note: The reporting category numbers will be populated for all released test forms in the administration.

499–56668ITEM STUDENT RESPONSES

The character in each field indicates the student's response to the corresponding item. The student's response to item 1 is in the first field, the student's response to item 2 is in the second field, and so on. Correct responses are indicated by a plus sign (+); an alpha character (A–D or F–J) indicates an incorrect response; and an asterisk (*) indicates that the response was left blank or multiple values were gridded. Note: for any open-ended griddable items, B = incorrect response.

Note: The student responses will be populated for all released test forms in the administration.

567–634 68 ITEM CORRECT RESPONSES

The character in each field indicates the correct response to the corresponding item (value = A–D or F–J). Note: "A" will be the correct response for any open-ended griddable items.

Note: The correct responses will be populated for all released test forms in the administration.

635–637 3 **PERCENTILE**

The student scored the same or better than this percentage of all students who took this test in Texas in the prior year.
