Graduate Standard Operating Procedure (SOP)

Topic: Graduate Program Reviews

Document #: GR-SOP-Admin-01

I. INTRODUCTION

The Texas Higher Education Coordinating Board (THECB) developed and updates Texas Administration Code (TAC) Title 19, Part 1, Chapter 5, Subchapter C, Rule §5.52 entitled Review of Existing Degree Programs. The University of Houston (UH) Graduate School and all graduate degree programs will comply with the rules and guidelines established in TAC §5.52 as the process for conducting audits of existing master’s and doctoral degree programs. Any specific deviations to TAC §5.52 are documented below in this Graduate Standard Operating Procedure regarding Graduate Program Reviews at University of Houston Main Campus.

II. POLICY

A. Every Graduate master’s and doctoral degree program will be reviewed once every seven (7) years according to the due date schedule established by the State Coordinating Board. The seven-year review rule includes all stand-alone Master’s programs.

B. Program reviews for doctoral degree programs require two reviewers for a campus on-site review of one (1) day in duration.

Program reviews for master’s degree programs will be conducted using an off-site desk review process if the program review cannot be combined with the applicable doctoral degree program.

Note: The selected reviewers for program reviews must be employed by an institution of higher education outside of Texas.

C. Master’s and doctoral programs with the same and with common four (4)-digit Classification of Instructional Programs (CIP) codes will be reviewed together.

Note: If the college does not want the same or common CIP code master’s and doctoral programs to be reviewed together, the college area’s Associate Dean will provide a justification memo for this decision to the Graduate School more than 8 months before the THECB review date. The college area’s Associate Dean will also attend a meeting on this topic with the Dean of the Graduate School at this time. The Dean of the Graduate School will make the final decision regarding the review.

Note: Dual-Degree programs will be reviewed separately if the programs have unrelated four-digit CIP codes. (Example of separate program reviews: Master of Social Work/MBA dual-degree program.)

Note: The Pharm.D/Ph.D combined degree program have the option of a combined review or separate reviews, but the Associate Dean for both programs will need to meet with the Dean of the Graduate School at least 8 months before the THECB review due date to discuss this decision.

D. A stipend and a travel allowance (to be determined) will be provided for each reviewer.
E. The Graduate program undergoing the program review handles all administrative arrangements for the reviewers with oversight from the Associate Dean, including generation of the contract, W-9 Forms, self-study materials, program review itinerary, and travel.

Note: Travel plans for program reviews must use the guidelines posted in MAPP 04.02.01A – Travel Paid from State-Appropriated Funds, plus use the travel request and travel expense report forms located at http://www.uh.edu/finance/pages/AP_Travel.htm.

See Section III.A for more information on administrative schedule.

F. The Associate Dean for the graduate program undergoing a program review enforces the THECB deadline with their faculty and staff.

G. The self-study review of master’s and doctoral programs must follow, at a minimum, the criteria published in TAC §5.52, Sections D.9 and C.9, respectively.

Note: Self-Study materials will include documentation of both non-thesis and thesis track degree programs.

Note: Applicable faculty and the Associate Dean will review all self-study materials before delivery to the reviewer.

H. Graduate programs with accreditation review schedules follow the same guidelines as documented in TAC §5.52, Section C.11 and this SOP.
