CX700 Lync Phone

Quick Reference Guide

This quick reference guide is intended for the CX700 phone. For more detailed information on your phone and its features, see UIT document “Using the Lync CX700 Phone”.

Using this Guide

- ◇ Complete numbered items in sequence.
- ◇ Where there are bulleted items, choose only one.

Customizing Your Phone

1. You can configure the basic settings by pressing the **Settings** icon.
2. You can change the following settings and more:
 - ◇ Date & Time
 - ◇ Location & Time Zone
 - ◇ Ringtone

Make a Call

- Lift the handset and dial the number.
- Dial the number and then lift the handset.
- Dial the number then press **Call**. This activates the speaker.
- To use the speaker, either dial the desired number and press the **Speaker** button, or press the **Speaker** button first and when you hear a dial tone enter the desired number.
- If you are using a headset, either dial the desired number and then press the **Headset** button, or press the **Headset** button first and when you hear a dial tone enter the desired number.

Answer a Call

- Lift handset.
- Press the **Speaker** button.
- Press the **Headset**.

End a Call

- Press **End Call**.
- Replace the handset.
- Press the **Speaker** button if you are using the speakerphone.
- Press the **Headset** key if you are using the headset.
