Welcome

Whether you are a current or prospective UH Student, Faculty, Staff or simply a visitor to our website, I would like to thank you for taking time to read the University of Houston Department of Public Safety's (UHDPS) and University of Houston Sugar Land's 2012 Annual Security Report. UHDPS is comprised of several bureaus; the **Police Bureau (UHPD)**, to include commissioned police officers, non-commissioned security officers and parking enforcement officers; **the Fire Marshal Bureau (FMB)**; **the Environmental Health and Safety Bureau (EHS)** and the **Emergency Management Bureau (EMB)**. The University of Houston Police department's motto is "Effort and Respect"; and through this theory we strive to promote and preserve a safe campus environment; identify and implement efficiencies; and provide great customer service. This report is prepared in cooperation with the University of Houston Student Affairs Division in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or Clery Act.

The Campus Fire Safety Right-To-Know Act requires colleges and universities to report specific fire safety information and statistics in residential complexes owned or controlled by the university or college. The University of Houston Sugar Land campus do not have on campus student housing facilities and as such, is not required to meet this section of the Higher Education Act (HEA).

For purposes of this report, each entity provides updated information on their educational efforts and programs to comply with both of these acts. Campus crime, arrest and referral statistics include those reported to the UHPD as well as to designated campus safety authorities. Residential fire statistics include all fire incidents in residential complexes regardless of reporting mechanism. Both reports include specific crime and fire statistics from the previous three years. This report include specific crime statistics from the previous three years. This report also includes institutional policies concerning campus security, alcohol and drug use, crime prevention, the reporting of crimes information and other matters. Interested persons may obtain a printed copy of this report by coming by coming to the Security Services officer in room 174 of the Brazos Hall building or from the UHPD Police department Building located at UH Entrance 12 off Wheeler Street. In addition to the Annual Security Report, UHPD maintains a daily log of crimes committed on campus which is available for review on our website at www.uh.edu/police/dcb.html.

Our History and Traditions

The University of Houston's proud heritage of academic excellence dates back to its founding in 1927. Over the years, we grew and prospered, becoming the University of Houston in 1934. Two years later, the institution acquired land for a permanent campus, and its first building opened in 1939. In 1947, the institution launched one of its many rich traditions by adopting the cougar, later named Shasta, as its official mascot. The university became a state institution in 1963 and joined the newly created University of Houston System in 1977.

Today, the University of Houston is a major public research and teaching institution, serving more than 38,000 students annually with nearly 300 undergraduate and graduate programs.

Our Campus

UH at Sugar Land bring educational opportunities to students in outlying parts of the Houston area and offer credit and continuing education programs to meet almost any need. We have the highest distance education enrollment and the most upper-division resident courses and degree programs in Texas. Also, our instructional television and online programs provide degree opportunities for students at home, at work or in their neighborhoods.

Leadership

The University of Houston (UH) is the largest university in the UH System, which also includes UH-Clear Lake, UHCL Pearland, UH-Downtown, UH-Victoria, UH at Sugar Land and UH System at Cinco Ranch. The UH System is governed by a 10-member Board of Regents.

Public Safety Bureaus

The University's campuses are located in safe areas, but no campus is free from crime, whether it is urban, suburban, or rural. All members of the University community should take reasonable precautions. The University of Houston and UH Sugar Land is committed to working with the community to make our campuses safe and secure environments. The University has developed a series of policies and procedures to assist in these efforts. The following information has been prepared to increase awareness of the current programs that exist to assist students, faculty, and staff in maintaining their safety and well-being. Portions are also provided in compliance with federal law, specifically the Clery Act and the Higher Education Opportunity Act (HEOA). The University of Houston has been fortunate in experiencing few serious crimes, but such incidents could occur, and all crime is serious to the victim. Students, faculty, and staff are responsible for adopting measures to protect themselves and their possessions.

UH Sugar Land Security Services

UHDPS has a fully functional Security Services Department which works in conjunction with UHPD to enhance overall safety of the campus. The Security Officers are also on the lookout for suspicious activities or emergency situations.

Security officers are hired and trained by UHPD and are assigned to UH Sugar Land. Security Officers patrol the campus on foot and vehicles. They are also assigned to many fixed post positions at several campus buildings.

You may have seen security officers monitoring many areas of the UH Sugar Land campus. They are easy to spot as they are uniformed in bright yellow, high visibility shirts with the word SECURITY plainly marked on the back of the shirt. These security officers normally will be on foot, but also use carts that are marked with UH Sugar Land logos.

Fire Marshal Bureau

Fire and Life Safety involves everyone in every area of the university and refers to the prevention of fire, accidents, injury, and property damage. Through inspections, fire safety equipment is checked and maintained; food safety standards are adhered; and safety concerns such as frayed electrical cords, trip hazards, broken or inappropriate equipment and fire hazards are identified and removed. Through design and plan review, architects and engineers are assisted in ensuring that fire and life safety measures are built into areas under construction. Through emergency management, assistance is available to develop specific evacuation plans. Through training, classes are available for evacuation planning, fire and life safety, fire extinguishers, and food safety.

UH Sugar Land Safety and Risk Management Bureau

Safety and Risk Management efforts are directed at assisting the University in identifying environmental safety hazards and controlling such hazards. Technical areas include chemical safety, biological safety, and occupational safety. Primary activities of the bureau include safety audits of laboratories and other key operational areas, training of faculty, students and staff, regulatory data management and reporting, and inspection of safety equipment.

UH Sugar Land Emergency Management Bureau

The Emergency Management Bureau's mission is to help the University prepare for, respond to, recover from, and reduce the effects of disasters. That mission is accomplished through preparedness, response, recovery and mitigation. The Emergency Management Bureau oversees several emergency preparedness initiatives at UH Sugar Land including emergency plans, and the PIER alert and notification system. The EMB in conjunction with the University of Houston Main Campus maintains and activates the University's Emergency Operations Center (EOC).

The Emergency Management Bureau in conjunction with the University of Houston Main campus offers training on various topics, and coordinates with external emergency management departments and other local, state and federal agencies. The EMB in conjunction with the University of Houston main campus provides campus wide UH Community Emergency Response Team (CERT) program support, and coordinate emergency management training through the Federal Emergency Management Agency's (FEMA) free online training site - training.fema.gov.

Working Relationship with Other Law Enforcement Agencies

UH Sugar Land has established communications with UHPD, the Sugar Land Police Department and the Ft. Bend County Sheriff's Office. The security officers of UH Sugar Land and these other agencies communicate regularly on the scene of incidents that occur in and around the campus area. UH Sugar Land security officers and UHPD Investigators work closely with the investigative staff of these agencies when incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information, as deemed necessary.

Security Policies and Procedures

UHDPS compiles and publishes this Annual Security Report on or before October 1. The report can be downloaded at www.uh.edu/police/annualreport.html. The Annual Security Report for the UH Sugar Land campus can be downloaded at <http://www.sugarland.uh.edu/PDF/UHSL%20Annual%20Security%20and%20Fire%20Report%202012.pdf>.

You can also call 281-275-8800 or e-mail slsecurity@uh.edu and request a copy be mailed to you. UH Sugar Land Security Services gathers statistics from all campus security authorities as defined by the Clery Act for inclusion in this report. If someone has significant responsibility for student and campus activities, he or she is a campus security authority. UH Sugar Land Security Services obtains reports of crimes reported to the City of Sugar Land Police Department on public property adjacent to the University of Houston Sugar Land campus. UH Sugar Land Security Services and UHPD cross-reference these incidents with those in its own files to avoid duplication of statistics.

This publication contains information about on and off campus resources and is made available to all UH Sugar Land community members. The information about “resources” is not provided to infer that those resources are “crime reporting entities” for UH Sugar Land. Crimes should be reported to UH Sugar Land Security to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

Incidents reported to UH Sugar Land Security that fall into one of the required reporting classifications will be disclosed as a statistic in this annual report published by UH Sugar Land.

For the purpose of making timely warning to the University of Houston Sugar Land community, reports of crimes and emergencies should be made directly to UH Sugar Land Security. When the crime or emergency concerns the safety and welfare of the University of Houston Sugar Land community, UHPD issues a Security Alert.

Who are Campus Security Authorities

“Campus security authority” is a Clery Act-specific term that encompasses four groups of individuals and organizations associated with an institution.

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus

judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

As a result of the negotiated rulemaking process which followed the signing into law of the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus "Pastoral Counselors" and Campus "Professional Counselors", when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. The rulemaking committee defines counsellors as:

Pastoral Counselor

An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

Alcohol Policy

As an institution interested in the intellectual, physical and psychological well-being of the campus community, the University of Houston Sugar Land incorporates the governing policies in which the University of Houston deems important to curtail the abusive or illegal use of alcoholic beverages. All members of the UH Sugar Land community and guests are required to comply with federal, state and local laws regarding the distribution, possession and consumption of alcoholic beverages. (See the UH Student Handbook for a summary of federal, state, and local laws regarding alcohol usage.)

The possession, sale or the furnishing of alcohol on the UH Sugar Land campus is governed by University of Houston System Alcohol Policy and Texas state law. Laws regarding the possession, sale, consumption or furnishing of alcohol are outlined in the Texas Alcoholic Beverage Code. The enforcement of alcohol laws on-campus is the responsibility of University of Houston Sugar Land, UHPD and the Sugar Land Police Department. Only under certain circumstances is the consumption of alcohol permitted. Such laws are strictly enforced by University of Houston Sugar Land, UHPD and the Sugar Land Police Department. Violators are subject to University disciplinary action, criminal prosecution, fine and imprisonment. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age is illegal in most circumstances.

It is UH Sugar Land's policy that the possession, consumption, and/or distribution of any alcoholic or intoxicating beverage in an open receptacle or a container which has been opened are prohibited in any public area of the UH Sugar Land campus except at:

1. Events for students (including events planned by staff or faculty for students and events sponsored by students or student organizations) authorized by the Dean of Students Office in accordance with the Alcohol Distribution Policy as stated in the UH Student Handbook;
2. Faculty/staff events authorized by the president, vice presidents, associate or assistant vice presidents, deans or academic department chairs.

The term “public area” is defined as campus parking lots, campus grounds or any outside enclosed area or portion thereof, to which the public is invited or given general unrestricted access, as well as the inside classrooms, lobbies, lounges, corridors and restrooms of the campus buildings.

An individual or group that sponsors an event at which alcoholic beverages are made available is responsible for adherence to the applicable laws and applicable university policies. (See UH student, faculty and staff handbooks). Individuals, organizations or groups violating alcohol/substance policies or laws may be subject to sanctions by the University.

Confidentiality

Definition of Voluntary Confidential Reporting: When the victim of a crime does not want to pursue action within the university system or the criminal justice system, but still wishes to report the crime and not reveal his/her identity.

The University of Houston Sugar Land strongly encourages reporting all crimes on campus to UH Sugar Land Security Services or UHPD. There are some very good reasons, in addition to prosecuting criminal activity, to promptly report crime.

- Timely notification about certain types of crime may affect the safety of others. These crimes include murder, rape, sexual assault, burglary, robbery, motor vehicle theft and arson. When UH Sugar Land receives reports of these types of crimes, we in conjunction with UHPD will quickly post notices (while protecting the victim’s identity) around campus to warn other community members of possible risks; via email, electronic media or text messaging (while still protecting the victim’s identity).
- When you make your report, you assist UH Sugar Land in initiating an investigation, which in turn could lead to arrest, which means a possible dangerous offender is removed from campus.

If you still would rather remain anonymous while reporting a crime, or any other violation of campus compliance or ethics, the University of Houston has made available the My Safe Campus anonymous incident reporting system. In order to make a report, simply visit www.mysafecampus.com, click on “Make a Report”, then enter “University of Houston” into the Institution Search Engine. From there, follow the prompts to make your report. If you prefer using the telephone, you may call the My Safe Campus hotline at 1-800-716-9007 to make your report. Again, you may submit these reports confidentially if you do not want to pursue legal action. If you wish charges to be filed, you must call UH Sugar Land to make a report. The University of Houston Sugar Land will coordinate with UHPD or other appropriate agencies.

Crime Prevention Programs

UHPD offers a variety of crime prevention programs to our community members. These programs are available by request:

- Personal Safety Awareness
- Operation ID
- Residential and Office Security
- Sexual Assault Awareness
- Motor Vehicle Theft Prevention
- New Student and Employee Police Service Orientation
- Community Dialogue
- Failure to Safeguard Program
- Bike Registration
- Rape Aggression Defense (RAD)
- Alcohol Awareness
- Drug Awareness
- Contact Person and Failure to Safeguard Program
- Walk in the Dark (Safety and Security Audit with Students, Faculty and Staff)

Crime prevention sessions are regularly presented at student and employee orientations, and periodically throughout the year to campus groups. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. Crime prevention is important to the campus community and you can help by reporting any crime or suspected crime to the University Police immediately. By doing so, you may be preventing someone else from becoming a victim of a more serious crime. Police officers assigned to your beat and patrol area will be glad to give demonstrations and talks to interested campus groups. Call our crime prevention number, 713-743-0596 or e-mail us at preventcrime@uh.edu for additional information. More crime prevention information and descriptions of the crime prevention programs are available on the UHPD website at:

www.uh.edu/police/contact/crime_prevention.html.

Drug-Free Workplace

It is the policy of the University that illicit use of drugs, including their manufacture, sale, distribution or possession is prohibited in the workplace, on the campus, or as part of any university activities (See UH Student Handbook and UH Staff Handbook). Sanctions imposed for violation of this policy are indicated below.

Application of Policy

The Drug and Alcohol Abuse Prevention Policy is supported by a drug-free awareness and alcohol education program available to the faculty, staff and students of the university. Specific compliance and reporting items enumerated below (items 2, 3, 4, 5) are applicable to all persons employed on federal contracts and grants. The policy can be accessed at www.uh.edu/dos/pdf/student_handbook.pdf.

In support of this policy, the University of Houston System and UH Sugar Land:

1. Has established a drug free and alcohol abuse awareness program to inform its faculty, staff, and students about the dangers of drug and alcohol abuse in the workplace. The University's policy also addresses maintaining a drug and alcohol free workplace, and available drug and alcohol counseling, rehabilitation, and employee assistance programs. The policy also addresses the penalties that may be imposed upon employees for drug and alcohol abuse violations.
2. Will provide each student and employee a copy of this policy. In addition, all faculty, staff, and students will be notified of this policy through appropriate publications.
3. Will notify each university employee and each student that, as a condition of employment on a federal grant or contract, the person, once so employed, must abide by the terms of the policy, and must notify his/her supervisor and the Department of Human Resources of any criminal drug statute conviction for a violation occurring in the workplace not later than five days after such conviction.
4. Will notify the appropriate federal agency within 10 days after receiving notice of criminal drug statute conviction of any university employee engaged in performance of the grant or contract.
5. Will impose sanctions on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program, by any employee so convicted. Sanctions imposed on employees for violation of this policy may include suspension, suspension without pay, and termination.
6. Will make a good faith effort to continue to maintain an environment that complies with the Drug Free Workplace Act of 1988 and the Drug-free Schools and Communities Act of 1989.
7. Will conduct a biennial review of its programs to assess their effectiveness, what changes need to be made, and to ensure the uniform application of sanctions to employees and students.

Implementation

Implementation of this policy is a joint responsibility of the Department of Human Resources, the Division of Research, UHPD, the Office of Financial Aid and the Division of Student Affairs. Notification of the program, including information about health risks and sanctions for violation of the policy, will be provided annually to students and employees. In addition, the University is

committed to monitoring and assessing the effectiveness of this program. A biennial review of the program will be undertaken to (1) determine its effectiveness and implement changes to the program if they are needed and (2) ensure that its disciplinary standards are consistently enforced (UH Student Handbook 2012-2013, page 81).

Penalties for Violation of the Policy

The University policy prohibiting the unlawful possession, use, or distribution of illicit drugs and alcohol on the campus and at University sponsored events held off campus protects and supports the employees and students of the University of Houston Sugar Land. Therefore, any employee admitting to or convicted of the unlawful possession, use, or distribution of illicit drugs and alcohol on the UH Sugar Land campus will be subject to disciplinary action (up to and including suspension, suspension without pay, and termination), may be referred for prosecution, and may be required to satisfactorily participate in a drug and alcohol assistance or rehabilitation program, as agreed upon between the employee, the Department of Human Resources, and Counseling and Psychological Services. Any student admitting to or proven to have violated the University of Houston's Student Disciplinary Policies and Procedures regarding the unlawful possession, use or distribution of illicit drugs and alcohol on campus or at University sponsored events (see UH Student Handbook, Student Disciplinary Policies and Procedures) will be subject to disciplinary action (up to and including probation, suspension, and expulsion), may be referred for criminal prosecution, and may be requested to satisfactorily participate in a drug and alcohol assistance or rehabilitation program. Further information concerning employees is available from the Department of Human Resources at 713-743-3988.

In addition, there are penalties under Texas and federal law. For more information on the range of penalties, refer to the Drug Free Workplace Policy Brochure or contact the Dean of Students Office.

Education of Members of the University Community

Campus security procedures are discussed during new student orientation. UHPD, the Dean of Students Office, and Housing Programs Department officials, participate in forums, town hall meetings, and programs in residence halls to address students and to explain University security and public safety procedures at UH. Members of UHPD conduct crime prevention and general security and safety awareness presentations when requested by campus community groups, including students and employees of the University. During these presentations, the following information is typically provided: crime prevention tips; statistics on crime at UH, information regarding campus security procedures and practices, including encouraging participants to be responsible for their own security/safety and for the security/safety for others on campus. In addition, UHPD organizes and sets up crime prevention and education display tables which are staffed by an officer(s) at various locations throughout the year. This activity provides an opportunity for UHPD staff to hand out information, as well as to answer individual questions. New employee orientation includes the distribution of crime prevention materials to all new employees.

Emergency Response

University of Houston Sugar Land departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. UH Sugar

Land personnel have received training in Incident Command and Responding to Critical Incidents. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually UH Sugar Land Security Officers, SLPD and the Sugar Land Fire Department (SLFD) fire and Emergency Medical Services. These agencies typically respond and work together to manage the incident. Depending on the nature of the incident, other UH departments and other local or federal agencies could also be involved in responding to the incident. The University of Houston Emergency Management Plan and general information about the emergency response and evacuation procedures for UH can be found on the UH Emergency website at www.uh.edu/emergency.

Shelter-in-Place Procedures

What it Means to Shelter-in-Place

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to shelter-in-place means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic Shelter-in-Place Guidance

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, student ID card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest University building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to Shelter-in-Place

A shelter-in-place notification may come from several sources, including UHPD, other University employees, the federal or state government, Sugar Land Police Department or EMS Services, or other authorities utilizing the University's emergency communications tools.

Employee and Student Assistance Program

Information and Referral

Students may seek drug and alcohol abuse related counseling and rehabilitation program referrals, which are routinely made through mutual help organizations, private hospitals, public treatment programs, and private drug treatment practitioners.

Employee Assistance

Faculty and Staff seeking assistance may be able to do so through their own individual medical insurance. The employee may seek other options at their own financial expense. Employees may also be able to obtain more information from the Employee Retirement System of Texas (ERS) at <http://www.ers.state.tx.us/home.aspx>.

Student Counseling Services

UH Main Campus students can seek counseling services through the University of Houston's Counseling and Psychological Services (CAPS) at 713-743-5454 or by email at www.caps.uh.edu. A complete list of services available can be obtained on the website or from program personnel.

UH Victoria students can seek counseling services through the University of Houston Systems Victoria by contacting the Victim Intervention & Prevention Program at 361-570-4135 or by email at victimadvocate@uhv.edu. A complete list of services available can be obtained from program personnel.

UH Main Campus students experiencing a crisis can come to CAPS at any time during office hours and receive an in-person evaluation. In the event of an after-hours crisis, call UHPD at (713)743-3333 and ask to be transferred to your therapist or the "Clinician on Call".

Mutual Health Groups

Individuals are assisted in forming groups like Alcoholics Anonymous and ALANON and information concerning these groups is maintained for dissemination to interested persons.

Houston Council on Alcoholism & Drug Abuse

Offering short-term counseling for anyone affected in any way by alcohol or other drug abuse. Trained alcohol and drug abuse counselors can help select an appropriate program (AA, A.L.A.N.O.N., NA, CA, etc.) and/or appropriate treatment. Their address is 303 Jackson Hill Street, Houston. Phone 713-942-4100.

Further information for UH Main Campus students regarding these programs and services may be secured from the University of Houston Counseling and Psychological Services located in Room 226 of the Student Service Center on the main campus. Phone 713-743-5454.

Enforcement Authority

UHPD is the primary police authority for the University of Houston Sugar Land. UHPD police officers are certified Texas Peace Officers as defined in article 2.12 of the Texas Code of Criminal Procedure. Pursuant to Section 51.203 of the Texas Education Code, the primary jurisdiction of UHPD officers includes all counties in which property is owned, leased, rented, or otherwise under the control of the University of Houston System including UH Sugar Land. Within their primary jurisdiction, UHPD officers:

1. are vested with all the powers, privileges, and immunities of peace officers;

2. may arrest without warrant any person who violates State law, in accordance with Chapter 14, of the Texas Code of Criminal Procedure;
3. May enforce all traffic laws on streets and highways.

Pursuant to Section 51.210 of the Texas Education Code, UHPD officers are also empowered to enforce the rules and regulations of the University of Houston.

UHPD is primarily responsible for responding to and investigating crimes on the University of Houston Sugar Land campus.

UHPD does not have formal written Memorandums of understanding (MOUs) or memorandums of agreement (MOAs) with other law enforcement agencies. UHPD has the ability to work with the City of Sugar Land Police Department, the City of Sugar Land Fire Department, the Ft. Bend County Sheriff's Department and other area law enforcement agencies on criminal investigations. UHPD often gives and seeks assistance from other federal, state, county, and local law enforcement agencies. UHPD does not provide law enforcement service to off-campus residences of recognized fraternity and sorority organizations. UHPD also does not provide law enforcement services for off-campus activities recognized by university authority. All criminal activity response falls under local law enforcement jurisdiction. UHPD has a close working relationship with these agencies when violations of federal, state, or local laws surface. This cooperative team approach addresses situations as they arise as well as future concerns.

Facility Access and Security

During business hours, UH Sugar Land will be open to students, parents, employees, contractors, guests, and invitees and public with a legitimate reason to be on campus. During non-business hours access to all facilities is by key or keycard if issued, or by admittance via the UH Sugar Land security department or an appropriate facility authority. In the case of periods of extended closing, the University will admit only those with prior written approval to all facilities.

Some UH Sugar Land facilities may have individual hours, which may vary at different times of the year. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility.

Emergencies may necessitate changes or alterations to any posted schedules. Areas that are revealed as problematic have security surveys conducted of them. These surveys examine security issues such as landscaping, locks, alarms, lighting, and communications.

Firearms and Weapons Policies

UH Sugar Land is committed to maintaining a safe and secure environment that supports the academic mission of the University. According to the University of Houston System and UH Sugar Land Violence on Campus Policy and Texas Penal Code, members of the UH Sugar Land community, including faculty, staff, and students, as well as visitors to any of the UH campuses, are prohibited from possessing firearms, explosives, weapons, or any item that may be construed as

such, on the premises (as defined by Texas Penal Code 46.035) of the University of Houston Sugar Land or in any building under University of Houston Sugar Land control, whether or not a federal or state license to possess the same has been issued to the possessor. There are some limited exceptions to this policy; for example certified and licensed law enforcement personnel who are authorized to carry a firearm are permitted to do so on UH Sugar Land property. UH Sugar Land does not tolerate the use of firearms or weapons on University owned, controlled, or leased properties. UHPD has and will continue to investigate any threat to the safety of the University of Houston Sugar Land in order to protect all members of the University community and their guests.

Additionally, anyone found violating the University's policies or state law shall be subject to the disciplinary policies and procedures applicable to students, faculty, or staff and/or criminal prosecution by the appropriate jurisdiction.

Responsibilities of the University Community

Members of the University community must assume responsibility for their own personal safety and the security of their personal property. The following precautions provide guidance.

1. Report all suspicious activity to Security Services immediately.
2. Never take personal safety for granted.
3. Try to avoid walking alone at night.

Security Alerts (Timely Warning)

Security Alerts are usually distributed for the following Uniformed Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: arson, criminal homicide, and robbery. Alerts are considered on a case-by-case basis, depending on the facts of the case and the information known by UHPD. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other UH community members and a Security Alert would not be distributed.

UH Sugar Land Security Services receives information on incidents happening on campus from various offices/departments on campus. If UH Sugar Land Security Services confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the UH Sugar Land community, UH Sugar Land Security Services, UHPD and the University Office of Communications will collaborate to determine the content of the message. UH Sugar Land Security Services, UHPD and the University Office of Communications will use some or all of the systems described below to communicate the threat to the UH Sugar Land community, or to the appropriate segment of the UH Sugar Land community if the danger/threat is limited to a particular building or segment of the population.

In the event of a serious incident that poses an immediate threat to members of the UH Sugar Land community, the University has various systems in place for communicating information quickly. Some or all of the methods of communication below may be activated in the event of an immediate threat to the UH Sugar Land community. The methods of communication include network emails, emergency text messages that can be sent to a phone (individuals can sign up for this service by going into PeopleSoft system at www.uh.edu/emergency to obtain emergency information.

- UHPD will confirm that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the UH community.
- UHPD and the Office of University Communication will determine the appropriate segment of the UH community if the danger/threat is limited to a particular building or segment of the population to receive notification of the incident.
- UHPD and the Office of University Communication will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system. If issuing a notification will, in the judgment of the first responders, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, then notification may be delayed.
- UHPD and the Office of University Communication will communicate the threat to the UH community, or to the appropriate segment of the UH community if the danger/threat is limited to a particular building or segment of the population

The University will post updates during an emergency on the UH Emergency website. Individuals can also receive recorded updates by calling call 713-743-1000. UHPD and other local emergency response agencies has vehicles equipped with Public Address Systems that can be strategically placed throughout the campus to facilitate communication of emergency information with the campus community.

All members of the UH Sugar Land community are encouraged to notify UH Sugar Land Security Services of any situation or incident on campus that involves a significant emergency, or any dangerous situation that may involve an immediate or ongoing threat to the health and safety of students, faculty, staff and/or visitors to campus. UH Sugar Land Security Services has the responsibility of responding to, and summoning the necessary resources to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, UHPD has a responsibility to respond to such incidents to determine if the situation does in fact pose a threat to the community. If so, Federal Law requires that the institution notify the campus community or the appropriate segments of the community that may be affected by the situation.

Every business day the UH Sugar Land Security Services through UHPD publishes ***The Daily Crime Bulletin***. This publication is a log of all crime reported to the UH Sugar Land Security Services and UHPD and typically includes the case number, classification, date reported, date occurred, time occurred, general location, and disposition of each crime.

The Daily Crime Bulletin is available 24-hours a day at UHPD. It is also posted daily to our website at <http://www.uh.edu/police/dcb.html>.

Security Escorts

UH Sugar Land continually works with the university community to make the campus a safe place to learn, work, and live. Our security escort service is designed for community members who have safety concerns and desire having another present when traversing the campus. A Security Officer will escort students, faculty and staff to locations beginning and ending on campus. If you feel that you need an escort please call 281-275-3302.

Security and Facility Maintenance

The Facilities Maintenance department is a support organization dedicated to the educational mission of the University of Houston Sugar Land. The department maintains the buildings, grounds and utility systems, and provides custodial services for the campus. Students are encouraged to report maintenance problems such as missing lights, plumbing problems or elevators that are not in service to the nearest departmental office and/or Facilities Maintenance (281-275-3304). Departmental staff will forward the reports to the appropriate unit in the Facilities Management Department. If departmental offices are closed, please report any safety issues or emergency conditions to Security 281-275-3302 (non-emergency information) or 9-1-1 (emergencies only).

Security surveys campus lighting nightly and monitors those areas having defects until the defect is corrected. When maintenance is needed that affects the immediate safety and security of the University community, personnel will remain on site until the problem is corrected.

Sexual Assault

As defined by the Texas Penal Code, a stranger or acquaintance commits sexual assault through forcible sodomy, forcible sexual penetration, however slight, of another person's mouth, anal or genital opening with any object. These acts must be committed without the victim's consent either by force, threat of force or violence, intimidation or through the use of the victim's mental or physical helplessness of which the accused was aware or should have been aware. This mental or physical helplessness is often caused by the induction of alcohol and/or drugs.

Sexual assault is a non-consensual act involving psychological manipulation, physical force, or coercion. It is an act of aggression and violence, and a crime punishable under the laws of the State of Texas by fines and incarceration ranging from two years to life imprisonment.

For the purpose of this report, the definition of sexual assault also includes any touching of an unwilling person's intimate parts (defined as genitalia, groin, breast or breasts, or buttocks or clothing covering them) or forcing an unwilling person to touch another's intimate parts. These acts must be committed either by force, threat, intimidation, or through the use of the victim's mental or physical helplessness of which the accused was aware or should have been aware.

Administrative Sanctions

Rape, acquaintance rape, or other sex offenses (forcible or non-forcible) are violations of university policy. The University of Houston System and UH Sugar Land is committed to eradicating these behaviors and will not tolerate them. Following an on-campus disciplinary proceeding, sanctions may be imposed on faculty, staff or students found in violation of university policy, which may result in separation from the university. Refer to the Student Handbook and the UH Manual of Administrative Policies and Procedures (MAPP) for the complete range of sanctions and disciplinary procedures, which identify the complete range of possible administrative sanctions following violations of University policy.

In compliance with federal law, both the accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding. Both the accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding brought alleging a sexual assault. The University of Houston will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the University of Houston will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Response to Sexual Assault

UH Sugar Land Security Services and UHPD is available to receive and investigate reports of rape and sexual assault, assist a victim in securing medical attention, participate in evidence preservation and collection, conduct investigations, and informing the victim of options.

Emotional support, counseling about options, information about resources related to legal issues and medical treatment are available to assist all those recovering from sexual assault.

Campus authorities are available to provide assistance in changing academic and living situations after an alleged sexual assault if requested by the victim and if these changes are reasonably available.

Guidelines for Assistance

1. IF YOU ARE SEXUALLY ASSAULTED:

- Get to a safe place as soon as you can.
- It is important that you try to preserve all physical evidence. Do not wash, use the toilet, or change clothing if you can avoid it. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag.
- Get medical attention as soon as possible to make sure you are physically well and to collect important evidence in the event you may later wish to take legal action.
- Contact UH Sugar Land Security Services and UHPD (follow procedures outlined in this report).
- Talk with an advocate or a counselor who will maintain confidentiality, help explain your options, give you information, and provide emotional support.
- Contact someone you trust to be with you and support you.

2. MEDICAL TREATMENT

It is important to seek immediate and follow-up medical attention for several reasons: first, to assess and treat any physical injuries you may have sustained; second, to determine the risk of sexually transmitted diseases or pregnancy and take preventive measures; and third, to gather evidence that could aid criminal prosecution. Physical evidence should be collected immediately, ideally within the first 24 hours. It may be collected later than this, but the quality and quantity of the evidence may be diminished.

3. REPORTING TO UH SUGAR LAND SECURITY SERVICES

This can be done immediately by following the procedures outlined in this report. The reasons for reporting to UH Sugar Land Security Services are:

- to take action which may prevent further victimization, including issuing a crime alert to warn the campus community of an impending threat to their safety;
- to apprehend the assailant;
- to seek justice for the wrong that has been done to you; and
- to have the incident recorded for purposes of reporting statistics.

If you choose to report the incident, a UHPD officer will take a statement from you regarding what happened. The officer will ask you to describe the assailant(s) and may ask questions about the scene of the crime, any witnesses, and what happened before and after the incident. You may have a support person with you during the interview. NOTE: Reporting an incident is a separate step from choosing to prosecute. When you file a report, you are NOT obligated to continue with legal proceedings or University disciplinary action. Remember, you can choose whether or not to participate in proceedings at any point. This process does not preclude a victim from reporting a sexual assault to another agency within the jurisdiction of the incident. If the victim wishes to file the report with the local police department, UHPD will assist in directing them to the appropriate agency.

4. CONFIDENTIAL REPORTING

If you are assaulted and do not want to pursue action within the University system or the criminal justice system, you may still want to consider making a confidential report to UHPD. With your permission, a UHPD officer can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record about the number of incidents involving students, employees and visitors; determine where there is a pattern of assaults with regard to a particular location, method, or assailant; and alert the campus community to potential danger.

Sexual Assault Prevention Programs

UH Sugar Land through UHPD has established programs that address educating community members in the area of sexual assault prevention. The department also offers overlapping programs on campus personal and property security. UH Sugar Land Security Services and UHPD can schedule sexual assault prevention programs on campus. Individuals or groups may also request this crime prevention program by calling 281-275-2020, 713-743-0596 or 713-743-3333 or going to the UHPD crime prevention website at http://www.uh.edu/police/crime_prevention.html. An officer will be glad to coordinate the program with you. Victims of sexual assault may obtain psychological counseling if desired, through the university as follows:

- UH Main Campus students: the University of Houston's Counseling and Psychological Services (CAPS) at 713-743-5454 or by email at www.caps.uh.edu.
- UH Victoria students: the UHV Victim Intervention & Prevention Program at 361-570-4135 or by email at victimadvocate@uhv.edu.
- UH Clear Lake Students: the UHCL Pearland campus Counseling Services at 713-228-1505 (713-526-8088 Spanish) or online at <http://prtl.uhcl.edu/portal/page/portal/COS>.

Assistance may also be sought from off campus sources through the Sugar Land Women's Shelter online at http://www.womenshelters.org/cit/tx-sugar_land.

The overall goal of this information is to heighten your awareness concerning sexual assault prevention and available programs.

Sex Offender Registration

In accordance with the "Campus Sex Crimes Prevention Act" of 2000, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, UHPD provides a link to the Texas Department of Public Safety Sex Offender Database on our website. The link to this database is <https://records.txdps.state.tx.us/DpsWebsite/index.aspx>. Students staff, faculty and contract workers on the University of Houston campus who are registered as sexual offenders are required to report to and register with UHPD. The Family Educational Rights and Privacy Act of 1974 (FERPA) clarifies that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.

Trespassing

It is unlawful for any person to trespass on the grounds of any state institution of higher education of this state or to damage or deface any of the buildings, statues, monuments, memorials, trees, shrubs, grasses, or flowers on the grounds of any state institutions of higher education. (Texas Education Code Section 51.204)

The governing board of a state institution of higher education or its authorized representatives may refuse to allow persons having no legitimate business to enter on property under the board's control, and may remove any person from the property on his or her refusal to leave peaceably on request. Identification may be required of any person on the property. (Texas Education Code Section 51.209)

Campus Crime Statistics

The information below provides context for the crime statistics reported as part of compliance with the Clery Act.

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from the following sources: the University of Houston Police Department and the Sugar Land Police Department. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

Statistics are gathered, compiled, and reported to the University community via this publication, which is published by UH Sugar Land Security Services. UH Sugar Land Security Services also submits the annual crime statistics published in this report to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website <http://www2.ed.gov/admins/lead/safety/campus.html>. The statistics in this publication are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and the relevant federal law.

The number of incidents is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non-Forcible Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Motor Vehicle Theft and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases involving Liquor Law, Drug Law, and Illegal Weapons violations, each person who was arrested is indicated in the arrest statistics. The statistics captured under the “Referred for Disciplinary Action” section for Liquor Law, Drug Law, and Illegal Weapons violations indicates the number of people referred to the Office of Student Affairs for disciplinary action.

The “On Campus” category includes all on-campus incidents, including those listed in the category “Residential Facilities.” Therefore, the two categories are not cumulative, but duplicative. The Other Law Enforcement Agencies Public Property Offenses and Arrests are those incidents reported to UHPD by the identified agency and may or may not be directly related to the campus.

The definition of hate crime is a crimes in which the victim is intentionally selected because of the actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability of the victim that are reported to campus security authorities or local police agencies.

UH System at Sugar Land
