Campus Visit Grant FAQs

My school doesn't have a direct deposit option. How can I receive the grant?	If direct deposit isn't an option for your school, please complete the entire packet with the exception of the direct deposit form. A check can be mailed. Request a check when you send in your packet for approval.
Do I need to complete each page of the paperwork?	Yes. All pages should be filled out in their entirety. (The only exception is the direct deposit form if your school isn't able to receive direct deposits.)
Do I use the information for my school or my district on the paperwork?	Please use the same name on all documents. We prefer you use the name of the individual school instead of the district so funds are directly sent to you. However, we will also send funds to a district to distribute to you if necessary. If the check/direct deposit is to be sent to the school district then all documentation should reflect the name of the district and not the individual school.
How long does it take to process the grant?	Once paperwork is received, please allow 3 business days to review. Pending there are no errors or need for corrections, you will receive an email with an approval that asks you to select a visit date. We will send the grant within 14 business days of your acceptance email.
