

Plagiarism Contract

English 1300

I understand that Plagiarism is the act of submitting a paper that, in part or whole, includes the work of another person – work that I did not write. This includes, but is not limited to, copying words from another source without indicating in some manner, i.e. footnotes, quotation marks, or some other means of reference, that these words or ideas come from a source other than myself. Plagiarism also includes receiving assistance with ideas or language (beyond proofreading) from another person outside of this class.

In my attached paper, I have taken care to indicate through the use of quotation marks, footnotes, or some other means, words that were taken from another source.

In signing below, I am stating that my attached paper is NOT in any way plagiarized, in part or in its entirety. I understand that if I do submit a plagiarized paper I will receive an “F” on the assignment and may be dropped from English 1300.
