Final Catalog Editing Process & Timeline

What are non-substantive edits to the catalog?
Non-substantive edits to the academic catalogs consist of changes to descriptive language, contact information, etc.; these are not conditional edits to policies or curriculum (courses, degrees, etc.) that must be approved through faculty committee review, the Undergraduate Committee, and beyond.

What will the instructions in this document help me do?
This document is designed to help designated content owners begin the non-substantive edit process to their section of the academic catalog by providing step-by-step instructions for creating a Word document with tracked changes and submitting it as an attachment using a Curriculog proposal. The step summary for this process is below, and step-by-step instructions are available in the subsequent pages of this document. Catalog editors will begin working on edits and contact content owners with next steps after the March 6th deadline.

Steps Summary

1. CREATE THE CATALOG EDITS WORD DOCUMENT WITH ‘TRACK CHANGES’ FORMATTING
2. SUBMIT CATALOG EDITS VIA CURRICULOG
   a. Access Curriculog
   b. Start Proposal
   c. Attach Document to Proposal
   d. Launch Proposal
   e. Approve Proposal

How will these non-substantive changes be combined with the curricular and policy changes submitted to the UC and entered into the final catalog?
Once catalog editors confirm the non-substantive edits from colleges, departments, and administrative offices, and final approval is received for curricular and policy changes submitted to the UC, catalog editors will merge these edits to the academic catalogs. Once merged, content area owners will be able to preview changes, and share with any other shareholders within their unit, before final catalog publication. The goal is to have all merged prior to March 24, the final draft approved by content areas by March 31, and the 2020-2021 academic catalogs published by the time fall 2020 registration period opens on April 6th.

**If you have questions regarding whether or not a particular edit is substantive or non-substantive, please contact Shonnita Leslie, at sdleslie@uh.edu or 713-743-0919**
1. **CREATE CATALOG EDITS WORD DOCUMENT WITH ‘TRACK CHANGES’ FORMATTING**

- Catalog pages will use the Non-Substantive Catalog Edits Template
  
  <https://www.uh.edu/about/offices/enrollment-services/registrar/curricular-services/curriculum/curriculog-training/Non-Substantive-Catalog-Edits-Template.docx>

Beginning with the appropriate template, insert the copied text from your catalog page(s) and providing a markup of the changes to the text using the Word ‘Track Changes’ feature. This document will enable the catalog editors to quickly and easily identify the changes and electronically paste the revised text into the catalog, ensuring that what is requested is what is represented in the catalog.

A. Open your web browser and navigate to the UH Undergraduate Academic Catalog 2019-2020.

  - [www.uh.edu/catalog-undergraduate](http://www.uh.edu/catalog-undergraduate)

B. Open the appropriate template (see above for link)

  - One single Word document is required per catalog page.
  - Separate Curriculog proposals are required per catalog page

C. Once both the catalog web page and template are open, fill in the template with the following:

  - Provide the name of the content area in the Title of Main Page field
  - Provide the URL of the catalog page by copying and pasting it in the Page URL field
  - Provide the catalog text by copying and pasting the text to be edited on the catalog page

D. *Repeat the steps in section C. for any additional catalog pages that contain your content area’s information (if your content area’s catalog page has links to college-related information, degree programs, etc., these would be considered additional catalog pages that you are also responsible for reviewing)*

---

**EXAMPLE:** for edits to the College of Business section of the catalog, this page would be the URL of the main page: [http://publications.uh.edu/content.php?catoid=34&navoid=12749](http://publications.uh.edu/content.php?catoid=34&navoid=12749) and subsequent links on the main page (to Faculty, Scholarships, etc.), would be additional documents and separate proposals.
