Minutes

July 11, 2016

- 1) The Committee reviewed a presentation from Mike Guidry of the prominent outdoor sculptures in the Collection.
The Committee discussed:
 - a. Current sculpture placement in conjunction with the campus master plan
 - b. Current condition of the work
 - c. Hardscape/landscape conditions
 - d. Potential enhancements for more visibility of the work in the collection

- 2) The Committee discussed as next steps engaging a landscape architect to formalize the discussions into a long-term project. Mike and Emily will work with Facilities Planning & Construction to engage the services of a landscape architect, who can help the Committee formalize the discussions into a phased project proposal to prepare the Collection for its increased visibility. As an update, Keiji Asakura, of Asakura Robinson, has been engaged for this project and will facilitate continued discussions about enhancing the visibility of outdoor works in the Collection at the August 19, 2016 Committee meeting.
