	Overall Risk Assessment			Medium	Overall Risk after Controls	Low	Det/CC Approval if more than Medium	Det/CC Initials			

UNIVERSITY OF HOUSTON		14 Sept 22
	Air Force ROTC Detachment 003 Practical Military Training Operations Order (PMT OPORD)	

1. Mission	Week 4 Physical Training				
a. Background	Mandatory PMT		b. Date/Time	12-15 Sept - 0600	
c. UOD	POC: PTGs GMC: PTGs/Modified PTGs		d. Main Location	In-person: PT Track	
2. Execution	a. Cadets	b. Activity	c. Location	d. Time	e. OPR
	All	PT	Track	0600	C/Huber
	All	PT	Track	0600	C/Ocanas
	All	PT	Track	0600	C/Alamshaw
	All	PT	Track	0600	C/Reid
3. Admin	a. Objectives				
	Each cadet is required to participate in three PT sessions; Only cadets who have turned in a Form 28 or qualified DoDMERB will be able to participate.				
	b. Weather				
	Event will be conducted:	Inside in the parking garage.			

	Projected Weather Forecast: (Source: http://www.accuweather.com)	Partly sunny with chances of showers	High:	87	Low:	72	Precip : 13 %	Wind/ Gusts:	12 mph	CAO Date: 8 Sept 2022
	Impact Plan:	In case of weather-related impacts/cancellations, determined by Cadre or campus admin, PT will still proceed as planned in a modified location, any other impacts the COG will be notified via discord.								
c. Risk Management	IAW AFROTCI36-2011, para 1.13.7 Risk management has been incorporated into all facets of the detachment, to include the training program. This 5step Deliberate process is IAW AF190-802 Risk Management. Any activity determined to be of medium or high risk after control measures are implemented must receive Det Commander approval.									
	Step 1: ID Hazards	Step 2: Assess Risk			Step 3: Controls Measure		Step 4: Implementation	Step 5: Supervise		
	Hazard / Causes	Severe	Prob	Assessment	Mitigation Measure	New Assessment	Method	COG/C Initials	OFC Initials	
	COVID 19/Weather	II	S	Medium	Cadets are to get vaccinated/wear masks if they choose or stay home if they have potentially come into contact/have contracted COVID 19.	Low	Will notify the COG if it needs to be switched to social distancing or online.	AB	MC	
	Overall Risk Assessment			Medium	Overall Risk after Controls	Low	Det/CC Approval if more than Medium	Det/CC Initials		

4. Approval					
a. COG/CC Approval/ Signature	ANDREW D. BILLARD, C/Col, AFROTC Cadet Commander, AFROTC Detachment 003				
b. OFC Approval/ Signature	×	APPROVE		DISAPPROVE	DATE 9 Sep 2022
					

6. PMT Time Deviation Waiver Approval (if applicable)	
a. Guidance	IAW AFROTCI 36-2011, paragraph 10.3.4.4, Limit all PMT to no more than 6 hours per week (Monday through Sunday). The Det/CC holds approval authority to exceed weekly limit.

b. Deviation	Cadets Affected		Deviation Amt		Total PMT	
c. Justification						
d. Det/CC Approval /Signature		APPROVE		DISAPPROVE	DATE:	
	ERNESTO F. CUIEL, Lt Col, USAF Commander, AFROTC Detachment 003					

Risk Assessment Matrix		Probability/Frequency of Occurrence Over Time				
		Frequent Continuously experienced (F)	Likely Will occur frequently (L)	Occasional Will occur several times (O)	Seldom Unlikely, can be expected to occur (S)	Unlikely Improbably, but possible to occur (U)
Severity/Effect of Hazard	Catastrophic (IV) Death, loss of limb, loss of eyes	Extremely High	Extremely High	High	High	Medium
	Critical (III) Non-commissioning/unable to fly: loss of consciousness, significant ligament tears, significant joint damage	Extremely High	High	High	Medium	Low
	Moderate (II) Injury/places cadet on MRS, bone breakage, serious sprains, stitches needed	High	Medium	Medium	Low	Low
	Negligible (I) No impact to MRS, bumps/bruises, minor sprains	Medium	Low	Low	Low	Low
