Welcome to the University of Houston!

We are thrilled that you have decided to continue your education here and join a caring, diverse community of scholars, leaders, and friends. You will hear this said many times, but allow us to be one of the first to say “Go Coogs”!

We’re also excited to share with you an experience that has brought incredible meaning to thousands of students here both during their time as a student and their time as an alum: membership in a fraternity or sorority. Throughout these pages, you will hopefully learn about the opportunities for personal growth and development, friendship, and service that come with fraternity/sorority membership. Our fraternity & sorority community at UH has a 60+ year history of creating engaged, successful students and alumni.

We know what you may be thinking. Unfortunately, the recent narrative regarding fraternities and sororities is not always a kind one; one that reflects personal growth, positive relationships, and care and concern for your fellow students. However, at UH, our fraternity/sorority community works hard to change the narrative, when we continuously speak with members of fraternities and sororities, they tell us stories of how their membership in a fraternity or sorority has provided them a home away from home, helped them to succeed inside the classroom, helped them to develop a passion for service and social issues, and provided them deep friendships that will last far beyond their time as a student. The fraternity/sorority experience is rooted in over 200 years of positive values . . . we think that’s pretty awesome!

So as you are looking for ways to enhance your Cougar experience, we invite you to explore fraternity/sorority membership. We hope you are interested in joining a growing community of students and alumni looking to make UH and the world a better place.

We look forward to meeting you!

HOW TO JOIN

At the beginning of each semester there are several student organization fairs, including “Cat’s Back” and “Greek-A-Palooza” where many of the fraternities and sororities will be present! This is your chance to meet the groups and ask questions about membership and more. Do not be shy, the fraternities and sororities want to meet you as much as you want to meet them. Talk about what your interests are, goals while at UH, and what you hope to accomplish after you graduate. Be sure to ask each organization about their individual requirements for membership, as membership eligibility requirements may differ from chapter to chapter. We also encourage you to explore multiple fraternities or sororities. Looking at a variety of organizations will allow you to best clarify your own personal goals and aspirations, and find a group that will best help you to achieve them.

SIGNATURE PROGRAMS & ORGANIZATIONS

Being a member of fraternity and sorority life at the University of Houston opens the doors to various leadership development programs. With these programs you have the opportunity to interact with students from other chapters as well as an array of staff and faculty members at UH. We also showcase our top academic achieving members of the community with the 'Order of Omega' honor society. There are many ways to get involved within fraternity and sorority life!

At the start of each fall semester, the chapter presidents of our fraternities and sororities travel to an off-campus location to engage in active team and relationship building with one another.

The Future Greek Leaders Academy brings together members who are in their first year of membership. During this time new members and UH staff members travel to an off-campus location to learn about each other and the UH fraternity and sorority community.

The purpose of Order of Omega is to recognize those fraternity/sorority members who have attained a high standard of leadership in interfraternity activities. The organization highlights the top academic performing fraternity & sorority members.

Greek Week is a week-long experience for the councils and chapters to connect through a myriad of bonding opportunities including service to the UH and surrounding Houston community, a guest speaker, and various activities on campus with different UH campus partners.
