

# CENSUS 2020

The Count, Money and Power

**FEBRUARY 3, 2020**

**4:00 PM - 5:30 PM**

**THE HONORS COMMONS**

**M.D. ANDERSON LIBRARY**

**UNIVERSITY OF HOUSTON**

From the birth of this nation, and in countries around the world, counting the number of people has been fraught with problems. The 2020 census has raised many questions regarding participation, the security of data, and what an accurate count means. This panel discussion explores those questions from a global, national, state, and local perspective.

What do you and our community stand to gain or lose in money and power by your participation in the census?
