

## Dean's Collaborative Interdisciplinary Summer Research Award for International Engagement

The Dean's Collaborative Interdisciplinary Summer Research Grant serves to foster interdisciplinary international engagement among roster faculty in CLASS. The intent of this award is to assist in collaborations and must yield the development of a co-authored work or proposed course on the region. There must be three colleagues involved. At least two must be a roster faculty member of within a different department and/or program within CLASS, and all must be faculty members within CLASS.

Proposing faculty members are to submit an application that details the nature of the collaboration, intended outcome(s), international location engaged, and proposed timeline for the outcome(s).

There will be one \$10,000 award given annually. Faculty clusters may receive this award only once.

Applications will have a maximum length of two double spaced pages of 12 point type. Additionally, proposals require a budget, a budget justification, and a 2 page CV. CLASS Research Committee will do the first round of reviews, thus the proposals should be aimed at a general academic audience. The application deadline is Friday, October 13, 2017, at 5 pm.

Recipients of the Collaborative Interdisciplinary Summer Research Award are required to submit a report describing how this award furthered their research by August 31, 2018.

Scan and submit your application on---line to Dr. Anadeli Bencomo, Associate Dean for Faculty and Research at [abencomo@uh.edu](mailto:abencomo@uh.edu). Or, send a hard copy to 402 AH, CLASS Dean's Office, Mail Code 3000.
