

CONSTITUTION of the University of Houston Children's Learning Centers Advisory Board

PREAMBLE

The mission of the Children's Learning Centers (CLC) is to facilitate an inclusive learning environment that celebrates diversity as well as promotes a professional commitment to impacting our community and supporting student success, through the provision of a nationally accredited early childhood educational program for the children of University of Houston (UH) students, staff, and faculty.

Established in 1975 as a result of a group of forward thinking students, CLC has a history of providing a nurturing educational environment for children. A primary goal is for children to feel safe and secure. In addition, the Center supports a learning environment which fosters respect for cultural diversity and utilizes an eclectic approach to education which allows for optimal growth and development of young children. CLC strives to maintain Texas licensing standards and national accreditation criteria.

An advisory body, composed of a group of dedicated parents, students, faculty and staff members, has been established to help CLC fulfill its goals. As a result of its founding as a student service, students have, and will continue to play a significant role in the policies, procedures and development of CLC through involvement on the Advisory Board.
