December 2011

Dear Graduates:

On this the happiest and most important day of your academic career, you are also making history, because you are graduating at the close of one of the University of Houston’s most spectacular years.

In January, the Carnegie Foundation for the Advancement of Teaching elevated UH to its highest category, the equivalent of Tier One – one of only 109 institutions from among 4,800 colleges and universities in the nation thus classified.

Then, in March, came the inclusion of the University of Houston in The Princeton Review’s “Best 376 Colleges: 2012 Edition,” bringing added value to your degree.

As we rejoice in these achievements, always remember that the University of Houston is a very special place. It is the place that welcomed you, helped you grow intellectually, and encouraged you on your life journey. It is the place that, thanks to our incredible diversity, has provided you with the experiences to work, feel at home, and succeed anywhere in the world. And it is the place where your dreams of a tier-one college education have become a reality with the support and guidance of your parents, families, friends, and professors.

As you leave today – proud alumni of the University of Houston – you will do so in the knowledge that you are a member of the best prepared, best educated, and best equipped class this university has ever produced. You will carry with you the knowledge your professors have shared with you, the wisdom you have gained as you matured, and the personal experiences and friendships that will last you a lifetime.

With warmest regards and best wishes,

Renu Khator

THE HISTORY OF THE UNIVERSITY OF HOUSTON

The University of Houston's proud heritage dates back to its founding in 1927. In the beginning, UH was known as Houston Junior College. Classes for the first 230 students were held at San Jacinto High School and were taught by a faculty of eight. Over the years, the junior college grew and prospered, officially becoming the University of Houston in 1934. Two years later, the institution acquired land for a permanent campus and its first building, the Roy G. Cullen Building, opened in 1939. The university became a state institution in 1963.

Today, the University of Houston is a Carnegie-designated Tier One public research university, serving nearly 40,000 students with more than 300 undergraduate and graduate programs. UH stands at the forefront of education, research and service with more than 40 research centers and institutes and sponsors more than 300 partnerships with corporate, civic and governmental agencies. UH public service and community activities, such as cultural offerings, clinical services, policy studies and small-business initiatives, serve a diverse metropolitan population. Likewise, the resources of the Gulf Coast Region complement and enrich the university's academic programs, providing students with professional expertise, practical experience and career opportunities. UH has awarded more than 250,000 degrees, and approximately 80 percent of our alumni remain in the Houston area.

THE UNIVERSITY OF HOUSTON SYSTEM

Throughout the 1960s and 1970s, teaching centers offering University of Houston degrees and classes opened in Clear Lake, downtown Houston and Victoria. Over time, these teaching centers became free-standing universities, offering education and opportunity to their communities. The University of Houston System was legally established in 1977. Today, the UH System is the region's largest provider of comprehensive university services from the baccalaureate to the doctorate. The UH System plays a primary role in meeting the higher education needs of the Houston metropolitan area and Texas. It is comprised of four universities and five teaching centers. The accredited universities in the UH System are: University of Houston, UH-Downtown, UH-Clear Lake and UH-Victoria. The teaching centers are UHS-Sugar Land, UHS-Cinco Ranch, UHS-Northwest, UHCL-Pearland and UHS-Texas Medical Center.
Academic costumes of today have a history of nearly eight centuries. In medieval Europe, all townspeople wore long flowing robes and gowns. The materials and colors were governed by royal decree. Gradually, distinctive gowns were developed for the various professions, trades and guilds. Scholars wore robes and hoods to protect their shaved heads. Later, skullcaps were worn on the head and the hoods became a cape that could be pulled over the head during unpleasant weather. As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelors (apprentices of the arts), masters (teachers) and doctors (teachers who had completed postgraduate studies). When caps and hats came into fashion in the 15th century, the hoods became ornamental, draped over the shoulders and down the back. The academic hat was first worn as a symbol of the master’s degree and existed in various forms. The mortarboard style comes to us from Oxford University. When academic costumes came to America in 1754, styles were quite varied. In Europe, they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.

CEREMONIAL SYMBOLS

The Seal
Throughout history, seals have been used to authenticate official documents. The University of Houston’s and UH System’s seals both bear the Official Seal of Arms of General Sam Houston, as handed down to him from his noble ancestors. It includes the escutcheon in the center of the seal – consisting of checkered chevrons denoting nobility and three martlets, gentle lowland birds that symbolize peace and deliverance. A winged hourglass is placed above the shield. Surmounting this is the motto “In Tempore,” meaning “In Time.” The greyhounds indicate speed of giving aid. The UH seal was first adopted in 1938 as the present campus was established. Although the look of the seal has evolved over the years, the first version was etched into the floor of the Roy G. Cullen Building.

University Mace
The Mace, which is carried in academic processions, is a staff symbolizing the university’s authority and unity. The tradition of the academic mace began in the late 14th century when two ancient instruments, the royal scepter and the battle mace, were combined to form a university president’s symbol of authority.

The Alma Mater
All hail to thee,
Our Houston University.
Our hearts fill with gladness
When we think of thee.
We’ll always adore thee
Dear old varsity.
And to thy memory cherished,
True we’ll ever be.

Words and music by Harmony Class of 1942
F. Kenneth Bailey Jr.

The President’s Medallion is being awarded to F. Kenneth Bailey Jr., founding partner in the law firm of Bailey Perrin Bailey. His practice is primarily devoted to mass torts and personal injury litigation. Before founding Bailey Perrin Bailey, he was a founder and name partner with the Houston law firm of Williams Bailey Law Firm, LLP. Most notably, Bailey’s firm represented Texas against the tobacco companies in 1997, which resulted in the largest settlement in U.S. history.

Bailey is a UH alumnus who distinguished himself in the intercollegiate athletics arena and has been a loyal friend and generous supporter of his alma mater. He earned a bachelor’s of business administration degree in 1969, and a doctor of jurisprudence in 1972. As an undergrad, Bailey played on the Cougar football team as a quarterback. During this time, he was the recipient of the Charles Saunders Award for outstanding scholarship and athleticism.

Bailey’s ties to the university continued after graduation, and he served UH during an important time of growth. He has loyally served as a member on the UH Law Foundation Board, the Cougar Pride Advisory Board, the Tier One Advisory Board, and as Chairman of the End Zone Complex Campaign. Not only has Bailey been a key participant in the process of building a stronger university, but he has also been exceptionally generous in his financial support of the UH Law Center, for which he was designated the “Super Hero” at the 2001 Law Center Gala, and of UH Athletics. His wife Carole is also a graduate of the University and she shares the enthusiasm of her husband in supporting the University of Houston.

Thanks to his professional success and to his support and friendship, F. Kenneth Bailey Jr. is an invaluable contributor to the Cougar legacy.
The Honorable Wilhelmina E. “Beth” Robertson

President Renu Khator and the University of Houston are proud to award the well-deserved honor of the President’s Medallion to The Honorable Wilhelmina E. “Beth” Robertson for her dedicated service to the UH System and the University of Houston and for decades of community philanthropy.

As a granddaughter of Hugh Roy Cullen and Lillie Cranz Cullen, UH’s founding family and first major benefactors, Ms. Robertson has continued her family’s legacy of championing the UH System and the University of Houston.

She served for six years on the UH System Board of Regents, and was its Chair from 1993 to 1996. During that time, she also led a fundraising effort to acquire the Frank Stella murals that grace the Moores Opera House. Most recently, she has been active as a member of the president’s Tier One Advisory Board.

As a tireless and committed community volunteer and philanthropic leader, she serves on the boards of The Welch Foundation and the Museum of Fine Arts, Houston. She is an active advisory board member for the James A. Baker III Institute for Public Policy, member of The University of Texas Health Science Center Development Board, member of the Council of the Greater Houston Community Foundation, and board member of the Houston Zoo and Houston Wilderness. In addition, she serves on the boards of The Cullen Trust for Health Care and the Cullen Foundation.

In recognition and gratitude for her service to the institution, Ms. Robertson was awarded a Doctor of Humane Letters degree, honoris causa, by the University of Houston in 1998, and received the University of Houston Alumni Association’s President’s Award in 2003.

She has received the YWCA Carroll Sterling Masterson Woman of the Year Award, the Kinkaid School Distinguished Alumna Award, and the Phi Beta Kappa Outstanding Contribution to Education Award, and was named Houston’s Outstanding Community Volunteer Fundraiser of 2008 on National Philanthropy Day.

Ms. Robertson is a native Houstonian and graduate of The University of Texas. She is president of the investment firm Cockspur, Inc., and the Austin real estate development company Westview Development, Inc.
The President’s Medallion is being awarded to the Houston Hispanic Chamber of Commerce (HHCC), which was founded in 1977 by a group of prominent Hispanic business people and is now the voice of over 70,000 Hispanic businesses in Houston. The HHCC continues to be the leading regional advocate for economic and civic interests of the Hispanic business community, and has developed partnerships with over 100 strategic partners, including the University of Houston, that leverage local economic resources.

The HHCC has earned numerous accolades for its advocacy and community service. In 2009, it received the prestigious National Large Hispanic Chamber of the Year Award, and the Regional Large Hispanic Chamber of the Year Award from the United States Hispanic Chamber of Commerce.

Accepting the President’s Medallion on behalf of the Houston Hispanic Chamber of Commerce is its President and Chief Executive Officer, Laura Murillo, who was named to the dual posts in 2007.

The organization’s membership and revenues increased over 400% and 100%, respectively, during Murillo’s first two years leading HHCC. Moreover, HHCC-sponsored events have reached record-breaking attendance, making it one of the largest chambers in the United States.

Thanks to Murillo’s advocacy and support for her alma mater, the Houston Hispanic Chamber of Commerce actively endorsed the University of Houston’s case for Tier One funding during the 82nd Texas Legislature, and she and the HHCC continue to champion the partnership between the HHCC and the University of Houston to promote student success and economic development for our region.

Murillo is a “triple alumna” of the University of Houston, where she earned a bachelor’s degree in journalism, and master’s and doctorate degrees in education.
Academic honors are based on the requirements of the catalogue year students entered the university. The final designation for honors is determined by the Provost’s Office upon final completion of all degree requirements.

**PRE-FALL 2010 CATALOGUE**

THE HONORS COLLEGE

The Honors College at the University of Houston offers students special opportunities to develop their academic abilities. Students who complete the Honors College curriculum (36 hours) and complete a senior honors thesis graduate with University Honors with Honors in Major, the highest distinction that an undergraduate can earn at the University of Houston. Students who complete the Honors College curriculum and elect not to complete a senior honors thesis graduate with University Honors.

Students graduate with Collegiate Honors either by fulfilling the requirements for the honors program in the college of their major, including 21 hours of honors courses; or by completing an Honors College minor; or by completing 21 hours of approved honors courses. If students also complete a senior honors thesis, they graduate with Collegiate Honors with Honors in Major.

Students who affiliate with the Honors College during their undergraduate years and complete fewer than 21 hours of honors courses graduate with Membership in the Honors College. If students also complete a senior honors thesis and fulfill the requirements of their major with distinction, they graduate with Membership in the Honors College with Honors in Major.

The roster of graduates and candidates for graduation does not include the names of those students who chose to withhold information under the Federal Education Rights and Privacy Act.

December 2011

Dear University of Houston Graduate,

You have succeeded and your mission has been accomplished! Let me start by extending well-deserved congratulations to you, your family and friends who supported you during your time at UH. From this place and time, you will follow the path of more than 220,000 alumni who have walked before you as you pursue new professional and personal goals. In everything you do, in all that you will undoubtedly accomplish, your pride is shared by the entire Cougar Nation.

On behalf of the Board of Directors of the University of Houston Alumni Association, I encourage you to become a member of the alumni association. The cost is only $20. That’s a special discounted rate reserved only for new graduates, but if you sign up by December 31, 2011, you will get a further discounted rate of $10. To join, visit www.HoustonAlumni.com.

Joining, however, is only the first step. We need alumni who are active, we need alumni who are involved, and we need alumni who take advantage of their many membership benefits: show up to one of our networking events and maybe find a new job or a new client; stop by the alumni tailgate before football games to enjoy free food and drink; submit a class note for publication in UH Alumni Quarterly; or use your membership card to purchase discounted tickets to events at the Moores School of Music. Also, as a new grad, you are entitled to short-term medical insurance discounts. We make it easy for you to be an active Cougar.

It's worth noting that your membership also helps UH achieve Tier One status. Alumni participation is one of the categories that the Higher Education Coordinating Board considers when issuing Tier One funding. So not only will you receive the many membership perks, but you’ll also help put dollars back into the university – dollars to fund scholarships, dollars to hire exceptional faculty, and dollars to upgrade the image and face of our institution.

Allow me to leave you with this parting advice: keep your Cougar connection strong! Whether your destiny takes you around the corner or around the world, always remember that you’re a Cougar, and always show it. UHAA membership is one of the best ways to do that, and we promise to make you as proud of your alma mater as we already are proud of you.

With best wishes,

Ricky A. Raven (‘83, JD ’86)
Chair, Board of Directors
University of Houston Alumni Association
