The University of Houston was established as the Houston Junior College in 1927. As the college grew, it prospered and officially became the four-year University of Houston in 1934. Two years later, the college attained land for a permanent campus, and in 1939 it constructed its first building, the Roy G. Cullen Building. The University became a state institution in 1963.

The University includes 15 academic colleges, one school and the multidisciplinary Honors College that teach a wide array of subjects – from math, arts and engineering to law, pharmacy and business. What started as a campus with a single building has grown into a world-class university, offering more than 270 undergraduate and graduate programs to more than 47,000 students annually.

UH is a Carnegie-designated Tier One public research university, and its public service and community activities, such as cultural offerings, clinical services, policy studies and small business initiatives, serve a diverse metropolitan population. Likewise, the resources of the Gulf Coast Region complement and enrich the University’s academic programs, providing students with professional expertise, practical experience and career opportunities.

In keeping with the University’s commitment to excellence, UH raised the benchmark of academic achievement when Phi Beta Kappa, the nation’s oldest and most prestigious academic honor society, awarded UH the approval to start a chapter in 2015. This designation welcomed UH to an elite group of the nation’s most esteemed colleges and universities.
Commencement Traditions

Academic costumes of today have a history of nearly eight centuries. In medieval Europe, all townspeople wore long flowing robes and gowns. The materials and colors were governed by royal decree. Gradually, distinctive gowns were developed for the various professions, trades and guilds. Scholars wore robes and hoods to protect their shaved heads. Later, skullcaps were worn on the head, and the hoods became a cape that could be pulled over the head during unpleasant weather.

As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelor’s (apprentices of the arts), master’s (teachers) and doctoral (teachers who had completed postgraduate studies). When caps and hats came into fashion in the 15th century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was first worn as a symbol of the master’s degree and existed in various forms. The mortarboard style comes to us from Oxford University. When academic costumes came to America in 1754, styles were quite varied. In Europe, they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.

University of Houston
Commencement Ceremony
Ceremonial Symbols

THE SEAL
Throughout history, seals have been used to authenticate official documents. The University of Houston and UH System seals both bear the Official Seal of Arms of General Sam Houston, as handed down to him from his noble ancestors. It includes the escutcheon in the center of the seal — consisting of checkered chevrons denoting nobility — and three martlets, gentle lowland birds that symbolize peace and deliverance. A winged hourglass is placed above the shield. Surmounting this is the motto “In Tempore,” meaning “In Time.” The greyhounds indicate speed of giving aid. The UH seal was first adopted in 1938 as the present campus was established. Although the look of the seal has evolved over the years, the first version was etched into the floor of the Roy G. Cullen Building.

UNIVERSITY MACE
The University Mace, which is carried in academic processions, is a staff symbolizing the University’s authority and unity. The tradition of the academic mace began in the late 14th century when two ancient instruments, the royal scepter and the battle mace, were combined to form a university president’s symbol of authority.

THE ALMA MATER

All hail to thee,
Our Houston University.
Our hearts fill with gladness
When we think of thee.
We’ll always adore thee
Dear old varsity.
And to thy memory cherished,
True we’ll ever be.

KATHRINE G. MCGOVERN

A lover of arts and the humanities, Kathrine G. McGovern is an exemplar of a life well-lived in service to others. The John P. McGovern Foundation, which she and her late husband Dr. John P. McGovern established, is a legendary philanthropic institution in Houston. Through its magnanimous support, the foundation has transformed the city’s arts, health care, park and higher education systems for the benefit of all Houstonians.

From 1957 to 1961, McGovern studied art and design at the University of Houston under noted professor and Texas artist Don Snell. Although she made the difficult decision to leave the University to marry Dr. McGovern before completing her degree, her passion for the arts never ceased. In the 1960s, she continued her studies at the Museum of Fine Arts, Houston under renowned Texas painter Dorothy Hood and became an accomplished painter in her own right.

She believes “the arts play a very vital role in our society as artists convey their interpretations of beauty, performance and concept to the viewer, often opening minds to new appreciations of the world around us.” Motivated by her lifelong love for the arts and UH, in January 2017, she gave a historic $20 million gift to create a permanent endowment for the University’s newly established College of the Arts. In recognition of the transformational gift, UH renamed the college the Kathrine G. McGovern College of the Arts and McGovern made history by becoming the first alumna and first woman at UH to have a college bear her name. The gift was one of two leading, eight-figure gifts in the $1.24 billion “Here, We Go” campaign and is one of the three largest gifts to the visual and performing arts in the history of the University.

She has served as president of The John P. McGovern Foundation since her husband’s passing in 2007 and is always looking to the future with a focused interest in improving the quality of life throughout Houston. In addition to UH, McGovern has given generous support to The University of Texas Health Science Center; The Houston Zoo; The Ronald McDonald House; the Houston Parks Board; The Museum of Fine Arts, Houston; and individuals and families in need throughout the Houston and Galveston region, among others.

The Doctor of Humane Letters degrees, honoris causa, given for exemplary service to the University of Houston or society at large, is the highest honor UH can bestow.
Message from the Dean

Class of 2022: Congratulations on your graduation from the University of Houston!

Commencement is a time for reflection, celebration, and looking to the future. During your time as a student at UH, you demonstrated that you are resilient, both individually and as a group. Your determination, along with the support of family, friends, classmates, faculty, and staff, provided you the drive needed to complete your degree.

You have persevered, and you have succeeded. Today we celebrate that success!

I believe that challenges along your path, and there were many challenges these past few years, were opportunities for you to grow, gain wisdom, and learn to adapt. The faculty and staff of the College of Liberal Arts and Social Sciences aimed to challenge your thinking, strengthen your knowledge, and deepen your appreciation of the world in all its complexity and diversity. We now applaud your accomplishment.

Your experiences at UH will serve you well as you transition to the next phase of your life. Your graduation is the first step, a very large step, on your path to great achievements.

As a new graduate, you have the opportunity to contribute constructively to society, utilizing the knowledge and skills you have acquired here. You have the privilege of shaping a brighter future for all of us. I look forward to the future that you will create.

The College is delighted to welcome you into the ranks of our alumni. I hope you will keep in touch with your classmates and maintain strong ties with the University of Houston. We need the energy and support of our alumni as the University of Houston becomes a top 50 public research university, and beyond. I know we can rely on you.

Please accept my best wishes for your continued success. Be well, stay safe and Go Coogs!

Sincerely,

Message from the Interim Dean

Congratulations, Class of 2022!

Today, we gather to celebrate you and your successful journey through the University of Houston and the Honors College. This is the first time we have held our graduation banquet since 2019, and I am excited to celebrate the graduating class of 2022.

Know that each of you has made history -- by persevering through a world pandemic, never losing sight of the goal! But the pandemic did not deter you despite unprecedented difficulties.

I’ve been affiliated with the Honors College for more than 45 years of my 48-year career as a faculty member at the University of Houston. My association began before it was even a college as you know it today – it began as the Honors Program in the 1950s. Since those initial beginnings, I have seen unprecedented growth, both in numbers of students and programs, and in overall quality. I believe that the Honors College provides exceptional opportunities to our students and has become increasingly important to the University.

With the guidance of outstanding faculty and staff, you have thrived and grown as you navigated your way through the Honors College’s exceptional academic experiences, unparalleled opportunities in research, and real-world service to the community.

Independent of the path you have taken, you are not in the same place you were when you began this journey, and neither is the College. During your time in Honors, you have been a part of its dynamic growth and development with the addition of new minors, a record-breaking number of awardees of scholarships and major awards, and new opportunities for both research and co-curricular engagement.

As you begin your careers or continue your studies through graduate or professional programs, we know that you’ll be well prepared to lead in your chosen field and continue contributing solutions to the grand challenges of tomorrow.

Although you’re graduating, the Honors College will always be a part of your life. Stay connected with the College as an alum and I hope you will support the College’s programs and scholarships for future generations.

Go Coogs!

Stuart Long
Interim Dean
and Associate Dean, Undergraduate Research
The Honors College Honors

**Collegiate Honors and Collegiate Honors with Honors in Major**
Students who fulfill the requirements for the honors program in the college of their major, including 21 hours of honors courses; who complete an Honors College minor, or who complete 21 hours of approved honors courses. If students also complete a senior honors thesis, they graduate with Collegiate Honors with Honors in Major.

**Membership in The Honors College and Membership in The Honors College with Honors in Major**
Students who affiliate with the Honors College during their undergraduate years and complete fewer than 21 hours of honors courses. If students also complete a senior honors thesis and fulfill the requirements of their major with distinction, they graduate with Membership in The Honors College with Honors in Major.
