The University of Houston was established as the Houston Junior College in 1927. As the college grew, it prospered and officially became the four-year University of Houston in 1934. Two years later, the college attained land for a permanent campus, and in 1939 it constructed its first building, the Roy G. Cullen Building. The University became a state institution in 1963.

The University includes 15 academic colleges, one school and the multidisciplinary Honors College that teach a wide array of subjects – from math, arts and engineering to law, pharmacy and business. What started as a campus with a single building has grown into a world-class university, offering more than 270 undergraduate and graduate programs to more than 47,000 students annually.

UH is a Carnegie-designated Tier One public research university, and its public service and community activities, such as cultural offerings, clinical services, policy studies and small business initiatives, serve a diverse metropolitan population. Likewise, the resources of the Gulf Coast Region complement and enrich the University’s academic programs, providing students with professional expertise, practical experience and career opportunities.

In keeping with the University’s commitment to excellence, UH raised the benchmark of academic achievement when Phi Beta Kappa, the nation’s oldest and most prestigious academic honor society, awarded UH the approval to start a chapter in 2015. This designation welcomed UH to an elite group of the nation’s most esteemed colleges and universities.
Commencement Traditions

Academic costumes of today have a history of nearly eight centuries. In medieval Europe, all townspeople wore long flowing robes and gowns. The materials and colors were governed by royal decree. Gradually, distinctive gowns were developed for the various professions, trades and guilds. Scholars wore robes and hoods to protect their shaved heads. Later, skullcaps were worn on the head, and the hoods became a cape that could be pulled over the head during unpleasant weather.

As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelor’s (apprentices of the arts), master’s (teachers) and doctoral (teachers who had completed postgraduate studies). When caps and hats came into fashion in the 15th century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was first worn as a symbol of the master’s degree and existed in various forms. The mortarboard style comes to us from Oxford University. When academic costumes came to America in 1754, styles were quite varied. In Europe, they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.

Ceremonial Symbols

THE SEAL
Throughout history, seals have been used to authenticate official documents. The University of Houston and UH System seals both bear the Official Seal of Arms of General Sam Houston, as handed down to him from his noble ancestors. It includes the escutcheon in the center of the seal — consisting of checkered chevrons denoting nobility — and three martlets, gentle lowland birds that symbolize peace and deliverance. A winged hourglass is placed above the shield. Surmounting this is the motto “In Tempore,” meaning “In Time.” The greyhounds indicate speed of giving aid. The UH seal was first adopted in 1938 as the present campus was established. Although the look of the seal has evolved over the years, the first version was etched into the floor of the Roy G. Cullen Building.

UNIVERSITY MACE
The University Mace, which is carried in academic processions, is a staff symbolizing the University’s authority and unity. The tradition of the academic mace began in the late 14th century when two ancient instruments, the royal scepter and the battle mace, were combined to form a university president’s symbol of authority.

THE ALMA MATER
All hail to thee,
Our Houston University.
Our hearts fill with gladness
When we think of thee.
We’ll always adore thee
Dear old varsity.
And to thy memory cherished,
True we’ll ever be.

Words and music by Harmony Class of 1942

Kathrine G. McGovern

A lover of arts and the humanities, Kathrine G. McGovern is an exemplar of a life well-lived in service to others. The John P. McGovern Foundation, which she and her late husband Dr. John P. McGovern established, is a legendary philanthropic institution in Houston. Through its magnanimous support, the foundation has transformed the city’s arts, health care, park and higher education systems for the benefit of all Houstonians.

From 1957 to 1961, McGovern studied art and design at the University of Houston under noted professor and Texas artist Don Snell. Although she made the difficult decision to leave the University to marry Dr. McGovern before completing her degree, her passion for the arts never ceased. In the 1960s, she continued her studies at the Museum of Fine Arts, Houston under renowned Texas painter Dorothy Hood and became an accomplished painter in her own right.

She believes “the arts play a very vital role in our society as artists convey their interpretations of beauty, performance and concept to the viewer, often opening minds to new appreciations of the world around us.” Motivated by her lifelong love for the arts and UH, in January 2017, she gave a historic $20 million gift to create a permanent endowment for the University’s newly established College of the Arts. In recognition of the transformational gift, UH renamed the college the Kathrine G. McGovern College of the Arts and McGovern made history by becoming the first alumna and first woman at UH to have a college bear her name. The gift was one of two leading, eight-figure gifts in the $1.24 billion “Here, We Go” campaign and is one of the three largest gifts to the visual and performing arts in the history of the University.

She has served as president of The John P. McGovern Foundation since her husband’s passing in 2007 and is always looking to the future with a focused interest in improving the quality of life throughout Houston. In addition to UH, McGovern has given generous support to The University of Texas Health Science Center; The Houston Zoo; The Ronald McDonald House; the Houston Parks Board; The Museum of Fine Arts, Houston; and individuals and families in need throughout the Houston and Galveston region, among others.

The Doctor of Humane Letters degrees, honoris causa, given for exemplary service to the University of Houston or society at large, is the highest honor UH can bestow.
