1. Brief Department Overview

The Center for Student Involvement (CSI) provides opportunities for students at the University of Houston to engage in activities, events, campus traditions, and leadership development and civic engagement programs and opportunities. The department is organized around three areas: Services for Registered Student Organizations, campus events and traditions, and leadership and civic engagement education and activities.

Services for Registered Student Organizations (RSO’s) include annual registration and risk management education, event registration, tracking carrel hours and usage, and leadership development. Leadership and civic engagement programs include the Ignite Leadership Program, Clinton Global Initiative – University, the Catalyst Leadership Luncheon Speaker series, Student Organization Leadership Conference, Community Action Break and on-campus service projects.

Five fee-funded organizations, the Council of Ethnic Organizations (CEO), the Frontier Fiesta Association (FFA), the Homecoming Board, the Student Program Board (SPB), and the Metropolitan Volunteer Program, are advised by staff members in the Center. The Center also advises the Activities Funding Board (AFB) which is an agency of the Student Fee Advisory Committee and provides funding for Registered Student Organizations to use for campus activities and conference travel.

Located in the University Center North building, the Center for Student Involvement is adjacent to the Registered Student Organization carrels and the fee funded student organization offices.

2. Department Mission

Mission:
The Center for Student Involvement facilitates student development through diverse opportunities to engage in leadership, programming, student organizations, and the university community.

Vision:
The Center for Student Involvement will offer impactful nationally recognized programs and opportunities that support student success and enrich the University community.

3. Department Goals and Goal Status

   a. Implementing a multi-year co-curricular leadership experience and civic engagement opportunities, DSAES Initiative 1.c.
      **In Progress.** FY 14 was a time of continued growth for leadership and civic engagement programs. Two successful sections of the Ignite leadership program were held, one for Sophomores – Seniors, one for Freshmen and recruitment was held for the largest class so far, 46 students, for Fall 2014. For the first time, a day of service was successfully held honoring Martin Luther King Jr. Day. With support from the Center for Student Involvement the Metropolitan Volunteer Program continued to vastly increase the number of service opportunities offered.

   b. Implementing a variety of student involvement initiatives, including the enhancement of night and weekend programs, DSAES Initiative 1.d.
      **In Progress.** During the spring 2014 semester, CSI provided Friday night programming whenever there were no weekend events scheduled on campus. This resulted in a total of 11 events (as shown in Appendix B), and 100% of weekends with on-campus events. CSI collaborated with the Council of Ethnic Organizations, the Student Program Board, and Commuter Services on a variety of film screenings throughout the semester. CSI also offered several showings at 4PM, 7PM and 10PM to provide opportunities for both commuter and residential students to enjoy the films. The programming efforts resulted in a total attendance of 2,934 students.

   c. Enhancing the support and education for registered student organizations, DSAES Initiative 1.d.
      **In Progress.** The Center for Student Involvement enhanced services for registered student organizations through the implementation of two new programs. The first Student Organization Leadership Conference...
was planned and implemented in the spring. This program offered sessions that provided resource information as well as leadership development opportunities to student organization leaders. Additionally, the office hosted its first networking event for student organization leaders, Collaboration Kick-Off.

4. **Department Major Accomplishments**
   a. There has been significant growth in number of events and student participation levels for the Student Program Board, the Council of Ethnic Organizations and the Metropolitan Volunteer Program.
   b. The Center collaborated with SPB and CEO to host four Friday night programs in fall 2013. Attendance totaled 697 students with an average cost per person of $5.00. Of the 15 weekends in the fall 2013 semester, only two were without on-campus events. This translates into 87% of weekends having on-campus activities or events in the fall 2013 semester. In the spring 2014 semester, CSI collaborated with SPB, CEO, and Commuter Services to host 11 movies in the new UC Theater. Attendance totaled 2,934 students with an average cost per student of $5.16. Also in the spring 2014 semester, the percentage of weekends with on-campus events increased to 100%.
   c. Developed a volunteer opportunity directory of 29 non-profit organizations that can be sorted by distance from campus and interest area. Directory is available on the CSI website at [http://www.uh.edu/csi/leadership/volunteer_directory/](http://www.uh.edu/csi/leadership/volunteer_directory/).
   d. Hosted the First MLK Day of Service with 132 participants.
   e. Hosted the First Student Organizations Leadership Conference with 131 participants.
   f. Hosted the first all upper-class Ignite Leadership Program in fall 2013 with 29 program graduates and statistically significant improvement on all 11 learning outcome measures.
   g. Hosted the first all freshmen section of Ignite in Spring 2014 with 40 participants, a 100% program completion rate and statistically significant improvement on 9 of 11 learning outcome measures.
   h. In collaboration with many stakeholders (students, alumni, and staff), the Frontier Fiesta Think Tank identified specific and measureable expectations, as well as opportunities for this campus tradition to continue to grow and flourish, while still maintaining the student-driven leadership that has been at the core of Frontier Fiesta since its inception.
   i. Implemented faculty/staff advisor requirement all Registered Student Organizations have a faculty or staff advisor. Before the requirement went into effect, only 45% of the student organizations had faculty or staff advisors.

5. **Utilizations Reports (include progress or report card reporting data)**
   a. Examples of numbers to report compared to previous reporting period:
      i. Frequency/use and Numbers of unique department impacts (i.e. students served, etc.)

ii. Trends (comparison over multiple reporting periods)
   a. Number of events and programs offered by the Fee-Funded Student Organizations and the Center for Student Involvement continues to increase.
   b. Newly develop program and events (Student Organization Leadership Conference, RSO Networking Event, MLK Day of Service, Community Action Breaks, etc.) have shown very positive participation levels.
6. **Assessment Projects (listed by project from annual assessment planning)**
   a. Title or area assessed (for each project)
      i. Ignite Leadership Program Sophomores - Seniors (First section of Ignite for Sophomores - Seniors / Second section of Ignite Program)
      ii. Stipend Student Leader Learning (First Time Assessment/Annual Program)
   b. Major results/findings (from assessment summary or status update)
      i. Student participants consistently identified the relationships they built in Ignite as a highlight. Other highlights included the overnight retreat, relationship with their Ignite Mentors, introduction to campus resources, and the acquisition of leadership and personal skills through the Ignite program. In the pre/post comparison students rated their ability to be higher in ten out of eleven scales that Ignite is built upon.
      ii. Six competencies were selected by the Council of Ethnic Organizations and the Student Program Board, which included Leadership Development, Assessment and Evaluation, Event Management, Meaningful Interpersonal Relationships, Collaboration, Effective Communication, Multicultural Competency, Intellectual Growth, and Clarified Values. Utilizing a Likert scale, 100% of the students showed increased averages of the selected competencies from July 2013 to April 2014.
   c. Planned actions based on assessment results/findings
      i. Based on the combined results of the program evaluation, focus group and pre/post assessment the primary structure of Ignite will be maintained. Based on post assessment results the curriculum for public speaking and conflict management will be enhanced, as participants indicated growth, however, it did not reach the level of statistical significance. Based on evaluation feedback the resume/career workshop should be revamped to be more interactive and immediately useful to participants. Service and social activities need to be increased and participants encouraged to take a more active role in their planning. Based on positive feedback the relationship with mentors will continue to be built on and one on one mentoring meetings will be included in the curriculum.
      ii. Several changes will occur during FY 2015. Three competencies will be identified for both the Student Program Board and the Council of Ethnic Organizations to ensure the same areas are being assessed. The timeline for assessment will be modified for the second evaluation to occur in December, with feedback on the written responses and one-on-one meetings with each student taking place in January.

7. **Department Learning Outcomes (where appropriate beyond assessment projects)**
The Center for Student Involvement provides learning opportunities to fee funded and registered student organization leaders and students that participate in the leadership and civic engagement programs.

Students who participate in the Ignite Leadership Program will be able to:
- Develop a personal understanding of leadership within the context of relationships and positive change and the Relational Leadership Model
- Clearly state their core values and how to apply them to ethical situations
- Develop a strong understanding of their personality type, leadership strengths and leadership challenges
- Be knowledgeable about campus resources, events and leadership opportunities
- Be more confident in their leadership abilities and more likely to get involved on-and-off campus

Students who participate in fee funded organizations advised by the Center for Student Involvement will be able to:
- Demonstrate critical thinking and reflective reasoning skills
- Engage in innovative problem solving and decision making
- Express personal values and demonstrate behaviors congruent with those values
Students who are registered student organization leaders who have an advisor for the first time in 2013-2014 for their student organization will be able to:

- Articulate the value of having an advisor
- Articulate the impact of having an advisor
- Describe assistance from their advisor
- Utilize the advisor as a liaison with the University and describe that experience
- Articulate the need for the Advisor agreement

Students who participate in the Executive Leadership Retreat will be able to:

- Understand university and divisional expectations
- Identify personal and organizational values
- Set organizational expectations for each attending organization
- Create relationships both within their organizations and between organizations

8. **Areas for Continuous Improvement**
   a. Growth and opportunities
      i. Utilize the new Center for Student Involvement office, the Commons Desk, Fee-Funded student organization offices, and RSO carrels and offices to connect with and support students and student leaders.
      ii. Strong collaborative partnerships to create new programs and events within and external to the Division.
      iii. Build upon the new connections with RSO faculty/staff advisors; enhance regular communication including advising support, resource information and updates. This was a recommendation from the 2013 External Review Committee visit.
      iv. In conjunction with the Division colleagues and fee-funded student organizations, continue to grow a strategic/intentional slate of evening and weekend programs.
   b. Critical Challenges
      i. Creating a new brand and comprehensive marketing plan for the Center for Student Involvement will ensure student leaders view CSI (and their programs and services) as a vital place for support for student engagement, involvement and discovery at UH. This was a recommendation from the 2013 External Review Committee visit.
      ii. The Center for Student Involvement will develop a liaison relationship between CSI staff members and a staff member within each academic college and utilize these relationships for information sharing about the programs and services offered by CSI. This was a recommendation from the 2013 External Review Committee visit.
      iii. The Center for Student Involvement will develop and implement a comprehensive educational plan for RSO utilization of the Get Involved website, and ensure we are maximizing the portal to its fullest. This was a recommendation from the 2013 External Review Committee visit.
      iv. Developing a more comprehensive training/development program that advances the professional competencies for professional staff, graduate staff, stipend student leaders and bi-weekly student staff was also a recommendation from the 2013 External Review Committee visit that we continue to work through.

9. **Budget/Fundraising/Grants**
   a. Issues and challenges with budgets (or status with funding if no current issues)
      i. The Center for Student Involvement, as well as the Fee-Funded Student Organizations advised by CSI, are funding by Student Services Fees. As the campus continues to create a more residential campus, the expectation of increased programming an involvement opportunities will be a priority for CSI. With this growth, we need to look at all funding opportunities (student service fees, ticketed events, fundraising, etc.) to ensure we are providing quality programs and services to meet this expectation.
   b. Fundraising/Grants (only where applicable)
i. Established
Case Statements are in the final stages of completion for possible external financial support for the Ignite Leadership Program and Frontier Fiesta.

ii. Initiated
Naming rights opportunities are being pursued for the Student Organization Complex.

iii. Desired
Opportunities to fund additional support for student leaders and advisors of our Registered Student Organizations (conferences, networking opportunities, round tables, etc.,)
