

UH Three Year Loan Default Rate

Fiscal Year	2016	2015	2014
Default Rate	3.1%	3.7%	2.9%
Number in default	233	280	232
Number in repayment	7,460	7,515	7,807

Loan default rates can indicate how well University of Houston is helping students afford to attend college without undue reliance on loans, particularly unsubsidized loans. The official student loan default rate for a school is calculated by measuring how many students are in default three years after graduation. Note that the default rate only takes into account federal loans, not private.
