**Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:**

| | |
|---|---|
| | Students entering the program with prior graduate credit in school psychology or closely related fields may petition to transfer or waive courses. "Transferring" means that the credit hours obtained from the previously completed course work at another institution are considered part of the total number of required hours of the degree plan at UH. Waived courses mean that, in an effort to minimize redundancy, the student is excused from repeating an equivalent class at UH but must earn the same number of credit hours toward the degree plan by taking courses to replace the ones waived. The number of courses that can be transferred or waived is ultimately determined by UH Graduate School policy. Currently the Graduate School allows up to 9 hours of transfer credit and the program allows a maximum of 21 waived hours, for a total of 30 credits. Credits can only be transferred if taken in a course of study where a terminal degree was not awarded (e.g., student did not complete a master's program). Courses taken as part of a program where a terminal degree was obtained are only eligible for a waiver (i.e., the student does not have to take the same course again but still needs to earn the required number of total credit hours. All transfers and waivers are contingent on the approval of the department, COE Graduate Studies Office, and the UH Graduate School. |
