AIM software rollout

New Work Order Management System

- New system implemented on 01 August 2022
- Phase 1
 - Communicating expected WO completion timeframes at inception of WO
 - Ensuring Mission Critical functions are in place and operating
 - Communication and training for Facilities staff
 - Mobile device (iPads) implementation for all techs
 - Completing Phase 1 by 01 Oct 2022
- Phase 2
 - Implement reporting functions
 - Reports and dashboards for building coordinators and department business administrators
 - Increased communication allows for messaging on WOs within the system
 - Completing Phase 2 by 31 Dec 2022

Facilities Metrics of Interest

- Completed Work Order Life Span
 - Year over year improvement
 - 15.8 days from 44.4 days for Preventative Work
 - 9.3 days from 27.4 days for Corrective Work

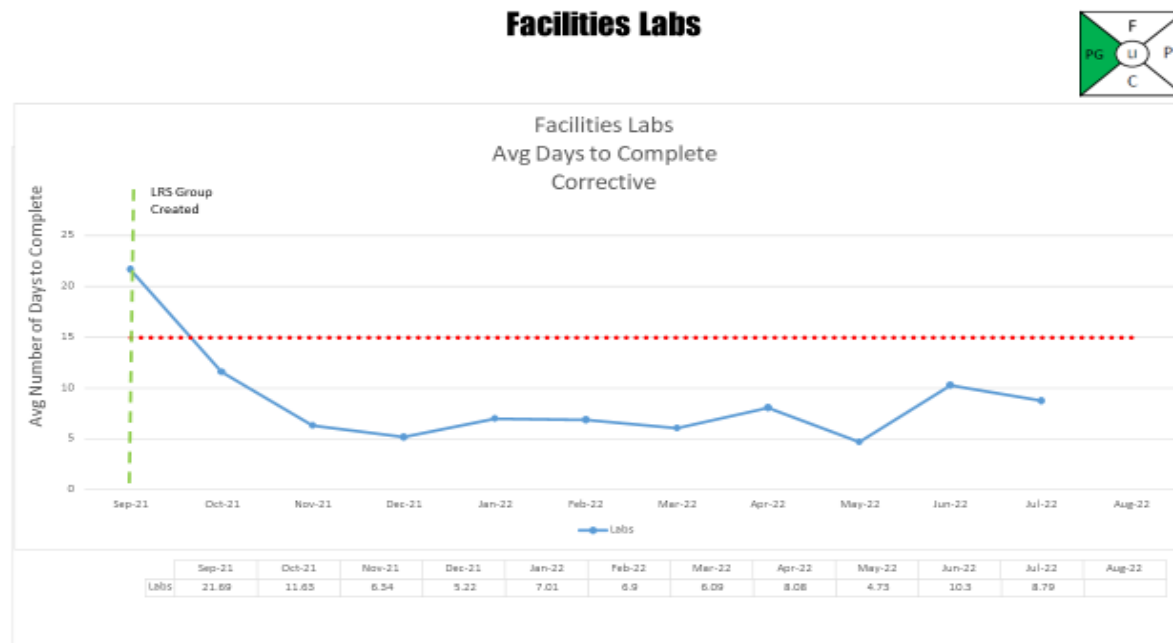

Completed Work Order Life Span

Corrective is only corrective instead of all of the other maintenance types

Facilities Metrics of Interest

- UH Laboratory Work Order
 - 11 Month improvement
 - Currently 8.79 days from 21.7 days for Corrective Work

F/CM Balanced Scorecard

34/66

July 2022 Data

Facilities Metrics of Interest

- UH Classrooms
 - Working on options to augment night shift support

Questions?

How to do a FIXIT SERVICE REQUEST

Role of the FIXIT team

FIXIT is customer conduit to UH Facilities Management to correct any multitude of corrective maintenance issues.

Why you should log in and prepare your own work request:

- Details will be more accurate.
- Save time for everyone.
- Process your request faster.
- You get update to your request, otherwise you would not.

4 Ways to FIXIT

4 Ways to FIXIT

UNIVERSITY of HOUSTON
FACILITIES/CONSTRUCTION MANAGEMENT

- 1** Log online to AccessUH and find the **FIXIT** icon
- 2** Send a text message to **fixit@uh.edu**
- 3** Send an email message to **fixit@uh.edu**
- 4** Call **713-743-4948** or **3-4948 (FIXIT)** on campus

You can use the **QR Code** from any device connected to the internet

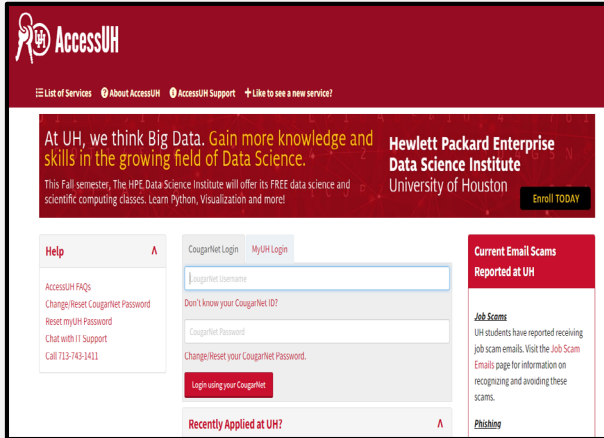

Click Single Sign-On (SSO)

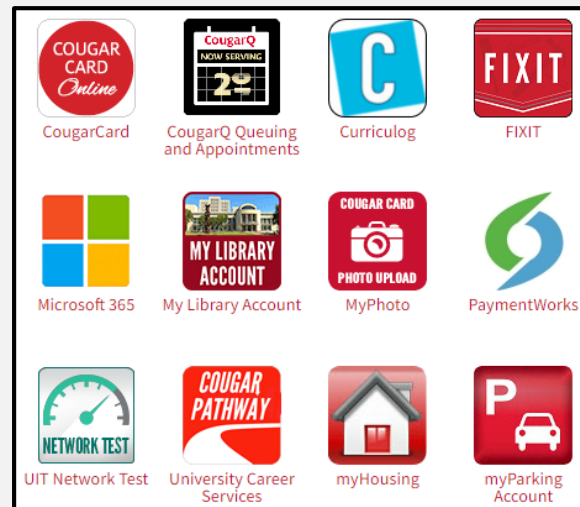

Your SSO is your Cougarnet email address. It's used to sign into AccessUH, FIXIT and other University Services applications

Estimated time of completion

- P1 EMERGENCY – Responds time: 2 hours - Due date: Same day
- P2 URGENT – Respond Time: 24 hours Supervisor to assign tech – Due date: 7 days
- P3 ROUTINE – Respond time: 1 day to assign to tech – Due Date: 28 days
- P4 – Scheduled – Scheduled within 3 days to the due date – Due date: set by Supervisor

Q - How do I contact FIXIT?

A - There are four ways to contact FIXIT to create a service request: Call 713-743-4948 or 3-4948 (FIXIT) on campus, text or email to Fixit@uh.edu or online to AccessUH and find the FIXIT icon.

Q - Who initiates service requests?

A - Anyone can submit a service request but they are normally created by Building Coordinators (BCs).

Q - What does “@ your door in 24” mean?

A - This means that from the time you submit a service request one of the Zone Managers or Customer Liaisons will be at the location to triage the issue and assign it to the appropriate shop.

Review key request and submit.

- All key requests are located under the Initiator's/Requestor's queue under "Your Open Requests".
- Any actions taken on the request will be located under the Notifications.

Status Updates

- OPEN- Work Order number has been created
 - SCHEDULED-Order has been submitted to Lock Shop department for processing
 - DELIVERED-Lock Shop department has completed the order
 - COMPLETE-Key order is ready for pick-up
- [5748: Key Request](#)

A status update was made in AIM regarding [5748: Key Request](#)

READY
WO: WO009876 was set to OPEN
- Initiator receives email notifications regarding status updates.

Key holder will receive a confirmation email stating the key order is ready.

Notification Settings in ReADY

Notifications can be managed in your settings.

1. Click on **Settings**
2. Select **User Profile**
3. Uncheck the **Workflow Activity** option (and **AIM Status Updates** if you would like)

The screenshot shows the ReADY user interface. At the top, a navigation bar contains 'Home', 'Process', 'Setup', 'Notifications' (with a red badge showing '100'), and 'Settings'. A red arrow labeled '1.' points to the 'Settings' dropdown menu. The dropdown menu is open, showing options: 'System Setup', 'Authentication', 'Branding', 'Users', 'Roles', 'Responsibilities', 'Alert Messages', 'Notifications', 'Dynamic Data', 'Workflows', 'Space', 'User Profile', 'About', and 'Logout'. A red arrow labeled '2.' points to the 'User Profile' option. Below the dropdown, the 'User Profile' page is visible for 'Chad Thome'. It has two main sections: 'General Settings' and 'Notifications'. The 'Notifications' section has a red 'Edit' button and a heading 'would like to receive email notifications for the following events:'. Below this heading are three checkboxes: 'Task Assignment' (checked), 'Workflow Activity' (unchecked), and 'AIM Status Updates' (unchecked). A red arrow labeled '3.' points to the 'Workflow Activity' checkbox.

IMPORTANT

Please be sure you do not turn off **Task Assignment**

Strategic Ordering of Buildings

All buildings are our priority

1. Facilities and UHPD
Ensure the Process Works
2. Buildings with both LENEL and AccessNsite
3. Buildings with Smaller Footprints
4. Group Buildings by Departments and/or DAU's
5. Research Buildings
Large number of readers – ensure Project Team is hardened
6. Athletics
Coordinate with other Security Initiatives
