Accessing BI Reports

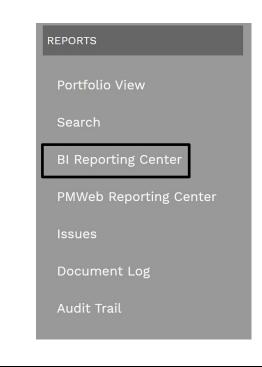

Overview: PM Web has numerous prebuilt reports available to users to use for data analysis.

Reference: n/a

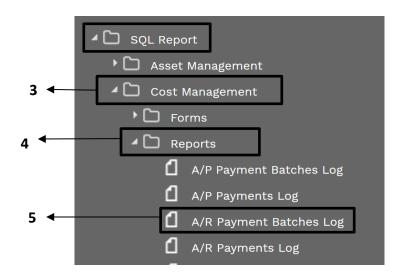

1- Click on **Portfolio** from the buttons on the left.

2- Reports, select BI Reporting Center.

- 3- Select the type of SQL report from the Report Manager. Example: Cost Management
- 4- Select the Record type. Example: Reports
- 5- Select the **Report type**. Example: Budget Detail Worksheet.

6- Select **Printing Setup** in the header to create a reoccurring report and click on save button. Do nothing if not a reoccurring report.
