

# Using QT2 in Class

1 **Creating TurningPoint Account and Register Your QT 2 Device:** You must register your device through Blackboard before you start using the clicker in class. If you haven't registered your device, follow [this tutorial](#).

## 2 QT2 Interface

3 **Set/Change the Channel:** Make sure to set your clicker with correct channel based on the channel number your instructor uses.

1. Press the Channel button.
2. Use the number pad to enter the new channel number.
3. Once the channel number has been entered, press OK.

**Note:** You can also do **Find Channels** if you are unable to set/change the change. Use the steps below to find a channel within range.

- Press the Channel button.
- Press the middle function key below  QT2 scans for receiver within range.
- Use the arrows to scroll through available channels.
- Press OK to select the channel.

#### 4. **RESPONDING:** Make sure the channel is set at the beginning of the class.

- Multiple-Choice Question: Press your answer option button per question such as A, B, C, D or 1, 2, 3, 4 to submit your response.
- Short Answer and Essay Question: Type answers and press **OK button** to submit the answer

**Note:** You do NOT have to press the “Ch” or any button each time before submitting your answer.

When sending a response or when a response is successfully received, an icon appears at the bottom center of the screen. The following are graphic representations of these icons:

-  The response is being sent.
-  The response was sent successfully.

#### 5. SCREEN ERRORS

**Invalid Response** - If you see this screen after sending a response, it means that the response was invalid. For example, answer options are A - D, and you submitted E as your answer choice

**Incorrect Channel** - This screen is to alert you that the QT2 is not on the correct channel or that the device is unable to communicate with the receiver.

**Polling Closed** - This screen indicates that polling is closed and answers are not being accepted.

## 6. THE TOOLBOX

**Send Message** - Send message to the presenter. The presenter is unable to respond via the same method.  
**NOTE:** The presenter may have this feature disabled in the software. If disabled, you will see “Not Open” when trying to send a message.

**Your ID** - Assigns an alphanumeric identification to device.

**Settings** - Press the function key below OK to open the settings and use the arrow keys to scroll through the options. The settings contain:

**Device Info** - Displays the Device ID.

**Contrast** - Press the left/right arrows to adjust the contrast of the objects. Press OK to save.

**Brightness** - Press the left/right arrows to adjust the backlight luminosity of the LCD display and the keypad on the QT2. Press OK to save.

## 7. HOW TO UNLOCK THE LOCKED CHANNEL

1. Press the Channel button.
2. Press the Shift button twice.
3. Press the Channel button again.
