

BAUER THESIS CONTRACT

Student Name: _____ MyUH/PeopleSoft ID: _____

Thesis Topic: _____

Thesis Start Semester: _____ Anticipated Graduation Semester: _____

Preferred Phone: _____ Email: _____

Faculty Director Name: _____

Please read and initial each item below:

- In undertaking the Senior Honors Thesis, I agree to a two semester commitment. I understand I will be enrolled in the 3399H thesis course for the 1st semester and the 4399H thesis course for the 2nd semester.
- I have met with Bauer Honors Faculty Director, Dr. Ev Gardner, and understand the level of work necessary to successfully complete the thesis process.
- I have established a thesis timeline with my Thesis Director and will adhere to the deadlines agreed upon.
- I understand that the rough draft of my thesis must be submitted to all members of my thesis committee before the W drop deadline for the second semester of my thesis. That date is _____.
- If I have not submitted the rough draft by the above date, I understand I will be dropped from the 4399H second semester thesis course with a grade of W and, at the discretion of my Thesis Director, could be subject to a failing grade for the first semester 3399H thesis course.
- I have reviewed the information related to the oral defense and will schedule my oral defense at least two weeks before my thesis binding deadline of _____. (The thesis binding deadline for Bauer is always the last class day of the semester.)
- I have reviewed the binding requirements for the thesis and understand that I am required to provide 4 copies of my bound thesis (3 will go to The Honors College and 1 will be submitted to Bauer Honors.) (Please note there is a cost for binding, but members of Bauer Honors that successfully complete the thesis process will qualify for a \$1000 award to offset this cost.)
- I understand that earning the Honors in Major designation is at the discretion of my thesis committee, and passing grades in 3399H and 4399H do not guarantee me this standing.

I have read and understand all thesis requirements, and I agree to adhere to the above in completion of the Senior Honors Thesis process.
