

Director: Institute for Fluid Dynamics and Turbulence, University of Houston

Fellow: American Physical Society (APS), American Society of Mechanical Engineers (ASME), American Institute of Aeronautics & Astronautics

Member: U.S. Committee on Naval Hydrodynamics and Hydroacoustics

Inductee: National Academy of Engineering, The Johns Hopkins Society of Scholars, Third World Academy of Sciences

Winner: Fluids Engineering Award (ASME), Freeman Scholar Award (ASME), Fluid Dynamics Prize (APS)

Name: Dr. Fazle Hussain

Occupation: Pioneer, Director, Researcher, *Professor*, University of Houston

The goal of the University of Houston is quite simple. To bring the best minds and resources in the world to Houston. It's paying off. The Cullen College of Engineering's Institute for Fluid Dynamics and Turbulence is a pioneer in efficient energy innovations that could drive down gas prices, lower energy bills, and decrease pollution for a healthier environment. That's what makes a great university a great university.
