

The **Baylor College of Medicine-Houston AIDS Education & Training Center** is seeking **Medical Education Scholars** to help design a new HIV education curriculum for healthcare professionals.

What is the Houston AIDS Education & Training Center?

The Houston AIDS Education & Training Center (Houston AETC) is a federally funded Center that provides targeted, multidisciplinary education and training for healthcare professionals who provide HIV prevention, treatment, or management services.

What will a Medical Education Scholar do at the Houston AETC?

The Scholar will work closely with the BCM-Houston AETC faculty and staff to develop a HIV education curriculum to serve the needs of healthcare professionals at Thomas Street Health Center (TSHC), one of the largest freestanding HIV clinics in the country.

The Scholar will have the opportunity to

- Develop and analyze surveys that assess Houston healthcare professionals' knowledge, attitudes, and behaviors in the areas of HIV prevention, treatment, and management
- Apply adult learning theory to help design an innovative, tailored, and data-driven HIV education curriculum for TSHC healthcare professionals
- Track metrics of success to ensure curriculum goals and objectives are being met
- Create an end-of-year presentation to highlight the challenges and successes of a Year 1 HIV education curriculum for TSHC healthcare professionals
- Help publicize Houston AETC HIV education events

What are the requirements for the Medical Education Scholar?

- Must receive internship or practicum credit from your university; this is a non-paid position
- Interest in learning about HIV prevention, treatment, and management
- Excellent leadership, organization, and communication skills
- Punctual, dependable, strong work ethic
- Available 12 hours per week (meetings will take place at the Baylor College of Medicine in the Texas Medical Center; must have reliable transportation)

To apply, please submit to the Houston AETC (HoustonAETC@bcm.edu):

- A cover letter describing your interest in and qualifications for this position
- The contact information for 3 references
- A C.V. or Resume

Qualified applicants will be contacted for an interview.
