VI. USE OF CONTRACTED TRAVEL VENDORS

C. The Fly America Act requires that foreign air travel funded by Federal funds, including Federal pass-through funds, be conducted on U.S. flag air carriers. There are limited exceptions where the use of foreign-flag air carrier is permissible.

If a foreign-flag air carrier is paid with Federal funds, the Fly America Act Waiver Checklist must be completed to document the exception to the Fly America Act. The Waiver Checklist must be uploaded as supporting documentation to the voucher or Travel Card expense report used to pay for the airfare.
