Why join Cougar Mathletics/PME?

- Free tutoring from Cougar Mathletics and CougarCS members!
- Putnam Exam Prep
- Directed Reading Program
- Game nights, workshops, and socials!
- Win prizes through our membership point system!
- Scan the QR code to contact us and join our discord!

<https://coogmathletics.carrd.co/>

Membership Point System

In collaboration with PME, Cougar Mathletics will award active member status for any member who achieves at least 35 points. We'll have prizes (airpods, coffee maker, drawing tablet, etc.) for the top 3 members with the most points!

- +10 points for any general meeting you attend (for PME or CM meetings)
- +15 points for any workshop you attend (for PME or CM workshops)
- +15 points if you volunteer at our bake sales or workshops
- +10 points per tutoring hour (in CougarCS Tutoring Discord)
- +5 points if you advertise our events on social media or retweet our posts
- +5 points for every resource you post in the designated class channel (in CM Discord)
- +5 points for every review you post in the professor review channel (in CM Discord)

Ongoing Programs

Directed Reading Program (DRP)

- Dive into math topics not usually covered in a typical undergraduate math degree! Undergraduates will be paired with a graduate student with similar interest topics.

Putnam Competition Team

- Tired of basic plug 'n chug and want to build your pure mathematical knowledge? Join the team. We prepare Putnam exam takers for the Putnam Competition in December.

Interest forms for DRP and Putnam are in

Cougar Mathematics

Directed Reading Program

at the University of Houston

The Directed Reading Program (DRP) is a mentorship program that pairs a mentee with a mentor based on similar math interests and meets up weekly in a span of two months to discuss reading materials chosen by the mentor.

DRP will start the second week of June and reboot in the FALL and SPRING semesters.

Calling all math enthusiasts!

The Putnam Competition presents the hardest math exam in the United States and Canada. All regularly enrolled undergraduate students are eligible to participate in the competition.

Partnering with Cougar Mathematics, the Putnam team at UH, coordinated by Aditya Suri, will prepare exam takers for the Putnam Competition held on Saturday, December 3, 2022.

Meetings: twice a week
Location: TBA

ADITYA SURI
Putnam Team Captain
Treasurer of Cougar Mathematics
