

teachHOUSTON

*"The dream begins, most of the time, with a teacher who believes in you, who tugs and pushes and leads you on to the next plateau, sometimes poking you with a sharp stick called truth."
--Dan Rather*

teachHOUSTON Summer Camp Shout Out

"I loved the privilege of being an intern for the EMBHSSC this summer! I honestly had the best time of my life with those 36 kids. My 8th grade girls were the best, but I'm a little biased. We all definitely had an unforgettable experience." -Stephanie Kohler

STUDENT SPOTLIGHT

"My name is Nathan Davis, I am currently a Sophomore Mathematics major at the University of Houston. TeachHOUSTON is one of the biggest reasons why I am at the university today. University recruiters came to my high school in the Dallas/Fort Worth Metroplex and told me about the program my junior year. Immediately hearing about the program made me fall in love with the University. I came with no family, friends, or sense of location. However, the teachHOUSTON program has grown to be my second family. It's not just wanting to become a teacher and make a difference, but to build important connections with like-minded people who also want to make a similar impact. The dedication of my peers, my mentors, and my friends is far beyond my expectations. Any doubt I had coming to the university was erased because of my new family."
