

RGA Internship Program

Smart people work smarter when they're empowered. When they use logic, but embrace creative problem solving. When their curiosity is encouraged to drive innovation. When they're recognized for seeking out the unknown. Where they're encouraged to ask a lot of questions while expanding their technical and communication skills. Our Internship Program provides such an opportunity and is committed to providing students with meaningful work and a chance to gain a wide knowledge of the insurance industry.

Internship Highlights

- Hands-on experiences throughout the internship
- Opportunities to learn from both recent grads and experienced professionals
- Professional development classes to help you build your résumé and improve presentation skills
- A Summer Speaker Series that gives interns access to high-impact business leaders from across RGA
- Social activities with fellow interns and full-time associates in order to network and build business relationships
- An intern engagement program to make sure you always have someone to talk to and that camaraderie is built among your intern group
- An opportunity to present your summer project to leaders

Our paid summer internship program typically runs for 8 to 10 weeks, from June through August.
