The Physics Learning Center offers a way for UH students to get help with physics concepts and HW problems from physics tutors for PHYS 1301, 1302, 2325, and 2326. UH physics tutors will be present in the Physics Learning Center to assist students requesting online help. **Appointments are not necessary.** Tutors are NOT there to do HW for students or to merely give answers to problems. Rather, they are there to help students understand the material, enabling them to answer homework and exam questions by themselves. Students should come to the Learning Center prepared by attending classes and reading over the assigned material.

If you have questions, suggestions, or comments about the learning center, or about our UH tutors, email us to iportill@Central.uh.edu. Your comments will help us to improve and give you better service.
