The Physics Learning Center offers a way for UH students to get help with physics concepts and HW problems from physics tutors for PHYS 1301, 1302, 2325, and 2326. UH physics tutors will be in the Physics Learning Center to assist students requesting in-person help. **Appointments are not necessary.** Tutors are NOT there to do HW for students or to merely give answers to problems. Instead, they help students understand the material, enabling them to answer homework and exam questions independently. Students should come to the Learning Center prepared by attending classes and reading over the assigned material.

If you have questions, suggestions, or comments about the learning center or our UH tutors, email us at importill@Central.uh.edu. Your comments will help improve and provide you with better service.

**SUMMER 4 2024 – Open from July 15th to August 7th**
