

Clinical Student Internship

Clinical student interns will be able to work directly with patients in a healthcare setting under the supervision of our Nurse Manager. This is a great opportunity for individuals trying to gain pediatric medical experience while getting paid.

This is a paid internship.

Requirements:

- Must be fully COVID-19 vaccinated.
- Currently Basic Life Support (BLS).
- Pediatric Experience preferred.
- Experience with patients with special needs preferred.
- Must be enrolled in college in a medical/psychology field.

Internship Description:

- Working with a patient one on one.
- Ensures that any change in patient condition or unusual circumstances is reported immediately to the Charge Nurse.
- Practices correct isolation techniques to maintain a safe environment and to control the spread of infection.
- Maintains the cleanliness of various instruments and equipment per hospital policy.
- Keeps patient's rooms in a clean and orderly condition: makes beds, replaces soiled linen, straightens bedside tables, and prepared the room for occupancy.
- Exchanges and communicates patient care activities and meets all patient needs within shift parameters.
- Corrects audit deficiencies if medical records within allotted time frames.
- Resolves with assistance from charge nurse, areas of concern, or conflict with patient families and/or coworkers professionally, proactively, and courteously.
- Accepts direction from supervisors and other management team members positively and professionally.
- Assists in providing personal hygiene and physical care needs.
- Accurately measures, records, and reports intake and output.
- Reports patient interactions to different departments.
- Performs other duties as assigned.
