## Try This: Turner's Graph of the Week

Analyze the graph below and write a reflection on what you think the graph is communicating to you. To guide you with your response, start with some observations.

- What is the topic of the graphs?
- What does the x-axis represent? What does the y-axis represent?
- What are some observations that you can make based on the graphs?
- What do you foresee happening in the next 10 years?

## U.S. Teens Have Mixed Feelings About Social Media

\% of U.S. teens saying social media has a mostly positive/negative effect on people their age

* Verbatim responses have been coded into categories; multiple responses were allowed Based on a survey of 743 U.S. teens (ages 13-17) conducted in March and April 2018
@statistaCharts Source: Pew Research Center

Questions to ask when reading graphs:
> Is there an upward or downward trend?
> Are there any sudden spikes in the graph?
$>$ What is being compared in the graph?
$>$ What prediction can I make for the future?
> What inferences can I make about the graph?

YouTube, Instagram and Snapchat are the most popular online platforms among teens
\% of U.S. teens who ...

Note: Figures in first columnadd to more than $100 \%$ because multiple responses were allowed. Question about most-usedsite was asked only of respondents who use multiple sites; results have been recalculated to include those who use only onesite. Respondents who did not give an answer are notshown.
Source: Survey conducted March 7-April 10, 2018.
