POLICY TITLE: INACTIVE STATUS

A student who interrupts enrollment for reasons other than involuntary military service for one semester must notify the Associate Dean in writing they wish to be reactivated and sign a revised degree plan. A student on inactive status for more than two semesters may apply for readmission.

Regardless of academic standing, the applicant must meet re-entry requirements and deadlines and pay any applicable fees to be considered for readmission.

The University of Houston considers all courses in the readmission grade point average including UH and non-UH courses.
