**BIOL 1197: SURVEY OF HEALTH PROFESSIONS**

Dr. Monique Ogletree: mogletree@uh.edu

Prepare for a career in the health professions!

- medical/dental and other health professions
- write compelling personal statements
- network with admissions faculty
- interact with alumni currently in programs or practicing
- enjoy special advising sessions
- create an Individual Development Plan

The goal of the class is do what we can to demystify how students can prepare for a successful career in the health professions, and to offer support to help them build the most competitive application folders they can.
