### Notes

1. Cells with no shading are for measures with no change in performance or do minimis reductions (1% or less), as well as measures that are naturally descriptive in nature rather than performance-based (e.g., state appropriations per student).
2. Measures first reported in 2013-14 will serve as the base year for comparative purposes.

The Governor’s University Research Initiative provides matching funds to Texas public universities for the recruitment of Nobel Laureates and National Academy members.

Governor Abbott particularly urges Texas colleges and universities to focus on recruiting nationally and internationally recognized researchers in fields of science, technology, engineering and math.
