

Global Citizens Credential
COVID-19 Accommodations

UH Global will implement the following accommodations until further notice. Please refer to the website for more information about points and documentation required for the activities within the below categories.

Program Requirements:

- Global Courses: Students can continue to earn points for any approved global course regardless of the method of delivery (online classes included) since points are given based on course completion and final grade. For courses taken with a pass/fail or a pass/NCR grade during this period, only courses with a passing grade will be accepted.
- Learning Abroad: A student can earn points for a learning abroad trip that was cancelled due to COVID-19 if the student is unable to register for another learning abroad trip for a future semester due to their graduation date. Students must submit learning abroad registration documentation and proof of cancellation. Students may also earn credit for a virtual learning abroad program through an approved affiliated provider as listed on the UH Learning Abroad website.
- Language Proficiency: Students can continue to earn points for any approved language course regardless of the method of delivery (online classes included) since points are given based on course completion and final grade. For courses taken with a pass/fail or a pass/NCR grade during this period, only courses with a passing grade will be accepted. For those who are already fluent in another language, students can meet with professors virtually for a language proficiency assessment or complete an online foreign language placement exam offered by UH Testing Services.
- Global Scholarly Work: For research, students may earn points for research that is performed at home with remote support from a professor. In lieu of Global Scholarly Work events, students may earn points for completing any of the following online activities but also must submit a one-page reflection paper of the activity: Attend an online lecture, webinar, or academic lecture on a global topic, complete a diversity training, or participate in a similar online activity that is academic in nature and has a multicultural or global focus.
- Intercultural Activities: For international leadership activities (internships, volunteer, and student organization leadership), students may earn points for a leadership role performed in an online capacity with written documentation. In lieu of in-person intercultural activities/events, students may earn points for completing any of the following online activities but also must submit a one-page reflection paper of the activity: Watch a foreign film or online cultural performance, read a novel or nonfiction book by a foreign author or on a global or multicultural topic, engage in an online cultural activity or a similar activity that allows the student to learn about another culture.

Virtual Advising Support: Students may request either a phone call or MS Teams video advising appointment. Advising appointments can be made via Navigate or by emailing uhglobal@uh.edu.

Capstone: All Capstones will be offered virtually until further notice. UH Global will reach out to those who have met program requirements to schedule their Capstone.
