TESTIMONIALS

“The UHin4 program has helped me succeed at the University with its Fixed Tuition Rate policy. As an out of state student, I already possess financial struggles, but with the Fixed Tuition Rate that UHin4 offers, I am able to concentrate more time and energy on more pressing matters such as my academics. The Fixed Rate policy also holds me accountable to finishing college on time because if I do not finish within 4 years, I will pay the going rate per credit hour until I graduate. I am now a junior, and the UHin4 program has saved me money that I am able to use for books and required course materials.” —*Brandon Crowley (Class of 2021)*

“UHin4 has helped me stay on track to graduate by helping me stay accountable so I finish a quarter of my degree plan each year. The option for the Fixed Rate Tuition Plan has also helped me save a lot of money, and UHin4’s priority enrollment has helped me avoid losing the classes that I need.” —*Ragen Runkle (Class of 2021)*
