

**One Time Request
FY25**

Coog Radio has been evolving since last year. We have instituted a Team system for members to get hands-on experience (in marketing, web, engineering, music, and programming), completely redesigned our website and branding, and have revamped our inventory (music, equipment, and offices!) processes to make them both more detailed and more efficient.

Our officers started this year's work during the Summer and have been changing Coog Radio for the better ever since. We're incredibly proud of the work we've done so far, and we look forward to discussing our requests with SFAC and how our changes have impacted our organization and the University through Coog Radio. If you have any questions regarding our One-Time Requests, I'd be more than happy to answer them for you during our presentation.

E. FY25 One-Time Request - Music Director Stipend

We'd like to request a stipend for our Music Director position. We received One-Time funding for the past 2 academic year for an Equipment Manager. This position was beneficial for those years as it put more structure for the organization. Because of this structure laid out the past academic years, Coog Radio is able to focus on our music directory. The Music Director is in charge of searching for new music, keeping the directory updated with the best songs our listeners want to hear, as well as searching for local artists, on campus students and in surrounding communities, to feature their music on our radio stream.
