Description of event: White Cane Safety Day was established to celebrate the achievements of people who are blind or low vision. This is an amazing campus wide opportunity for students, staff, faculty, and community to learn about more about available resources, and supports that encourage independence. After a successful 1st time event in 2022 with an estimated over 400 people attending, the Dart Center is bringing it back for a 2nd year. A Mayoral proclamation, march through campus, history of event, guest speakers, musical performances, resource fair and lunch will be provided for all attendees. Overall, it's a great event for the entire campus community to learn more about this aspect of the disability community.
