Committee: Internal Affairs

Draft: Final

The Election Marketing Act

Whereas, additional steps must be taken to properly market the SGA election;

Whereas, polling locations have not been utilized for two years;

Whereas, with the UH common application and double the voting days, students will be able to vote despite a lack of physical polling locations;

Whereas, physical polling locations puts strain on the already extremely hard working UH staff.

Therefore, be it enacted by the Senate of the University of Houston Student Government Association:

That the Election Commission take additional steps to market the 2019 Student Government Election including, but not limited to: creating a banner for the election, creating and distributing A-frames including instructions on who/when to vote, work with university on distributing a mass email about the election, etc.

Be it further enacted, that all references to physical polling locations in the University of Houston Student Government Association Election Code be removed.
