Draft: Final Read

Full Support Act

Whereas, the University of Houston has many resources available to sexual assault survivors.

Whereas, the student body is currently not fully aware of the resources available to students.

Whereas, through listening to survivors, we've created the Full Support Partnership that will ensure that every survivor knows that their university has their back.

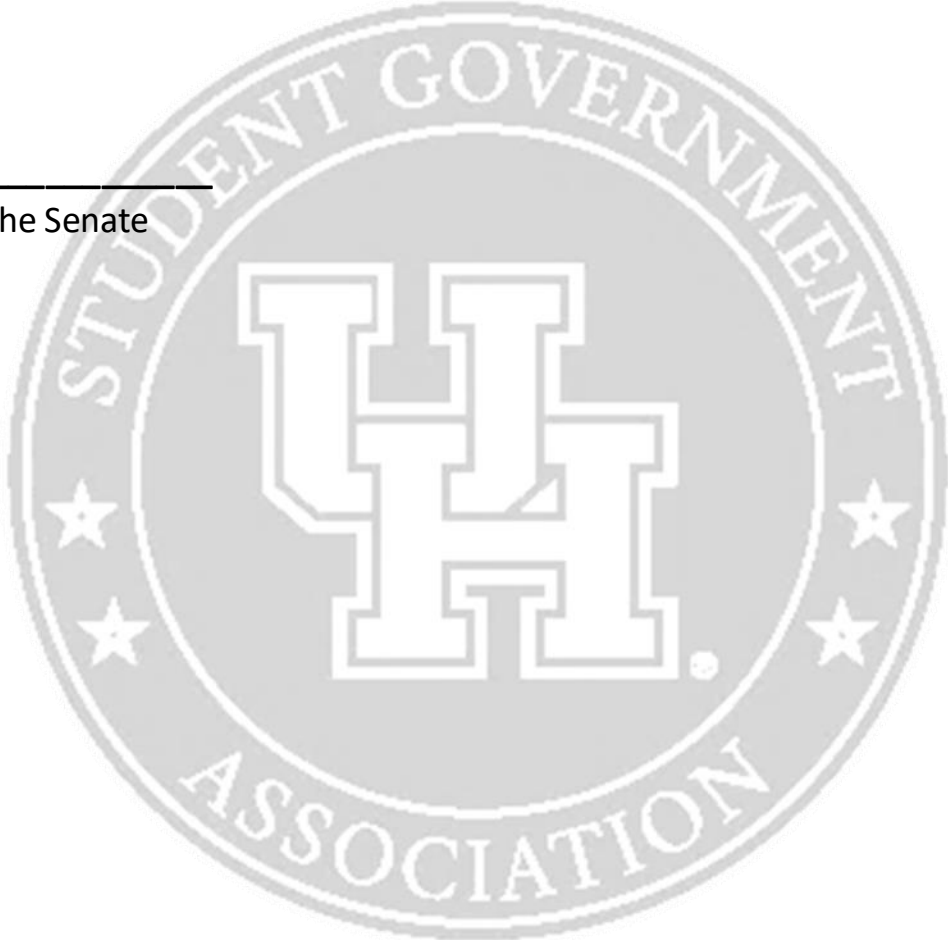

Whereas, it is our duty as student leaders to educate the student body on what the University of Houston offers, as well as provide additional pathways to the resources available

Therefore, be it enacted by the Senate Student Government Association of the University of Houston:

A new page will be added to the SGA website solely for the Full Support Partnership. On this page, SGA will provide links to the resources the University of Houston offers through Equal Opportunity Services (EOS), as well as provide history on how this partnership came to be

Be it further enacted, the Director of Public Relations will oversee the page and update it accordingly.
