

Job Title	Social Worker Pediatrics – Child & Adolescent Neurology
Employer/ Agency	McGovern Medical School at UT Health
Job Description	Provides professional work involving medical and psychiatric social case services to interpret social and environmental factors relating to treatment and/or research. Providing support to Division of Child & Adolescent Neurology physicians, including a neurodevelopmental specialist, epilepsy team, and general child neurologist. This is an opportunity to serve an incredibly dynamic population of children with complex care needs, serving alongside and learning from physicians who are leading neurology care and research. It gives the candidate with the chance to provide meaningful intervention within the outpatient setting; simultaneous exposure to high level, clinical Social Work practice while supporting work-life balance.
Qualifications	Licensure as a Bachelor Social Worker (LBSW) by the Texas Board of Social Work is required. Licensure as a Master Social Worker (LMSW) by the Texas Board of Social Work is preferred.
Salary/Hours	Dependent upon experience and qualifications
