

Job Title	Therapist/Case Manager
Employer/ Agency	University of Houston – Clear Lake
Job Description	<p>The Therapist/Case Manager provides counseling, crisis intervention, and outreach services to students, and consultation and outreach to faculty and staff in regard to student mental health issues. Provides culturally competent case management services to the UHCL student body by arranging appropriate medical and mental health care services, monitoring of treatment compliance, and maintenance of contact with at-risk students. In addition to direct service, this position will consult with existing community partners and identify and develop new community partnerships that serve students who need assistance with specialized mental health treatment and will engage in outreach activities.</p> <p><b>Duties:</b>          Provides direct therapy services (individual, couples, and group), case management, referral coordination and follow-up to students with mental health issues.          Acts as liaison, developing and maintaining collaborative relationships between Counseling Services, campus and community partners that serve at-risk students with complex mental health needs and/or psycho-social stressors.          Participates in peer reviews, case conferences, and professional development continuing education activities to maintain and enhance existing skills, learn new knowledge and skills, and maintain licensure. Participates in assessment procedures to maintain and improve services provided to students.          Meets with faculty to provide information on services and provide consultation to faculty, as needed. Works with university staff to develop/improve skills in managing students and mental health concerns.          Provides crisis assessment, intervention, and management to university students.          Participates in Counseling Services doctoral intern and/or practicum therapist training programs.          Maintains appropriate case/client documentation and performs additional duties/responsibilities as assigned.</p>
Qualifications	<p><b>Required:</b>          Master's degree in Social Work, Psychology, Counseling, or related field.          Experience providing referral or case management services to adults.          Experience providing therapy services to adults in an outpatient setting.          Must be currently licensed or eligible for immediate licensure as a Clinical Social Worker, Professional Counselor, or a related healthcare field in the State of Texas within 30 days of hire.          Knowledge of theories, techniques, and procedures for assessment, diagnosis and treatment of mental health issues.          Knowledge of confidentiality, state laws, ethics which affect practice of mental health providers          Knowledge of multicultural theories, models of development, and how intersecting identities can affect mental health issues.          Strong active listening skills as well as excellent verbal, non verbal communication, and group processing skills.          Excellent written communication for documentation and work products.          Technology skills for providing remote work, using EMR, and conducting outreach; also Excel, PPT, and Adobe.          Ability to establish effective relationships with coworkers, community partners, and clients.</p>

	<p>Ability to triage, engage in effective case conceptualization and treatment planning as well as to continue to monitor client progress, outcomes, and need for additional resources.</p> <p>Ability to use logic to identify the strengths and weaknesses of alternative solutions, conclusions, or approaches to problems.</p> <p>Desired:  Experience working with college students in college counseling.  Experience with establishing community connections for referrals as well as providing outreach and educational programming.</p>
