

## **John O. Ashford III Memorial Endowment – grant for Mechanical Capstone course projects**

The UH College of Technology is pleased to announce an opportunity for students enrolled in the Mechanical Engineering Technology capstone course to apply for funding for their capstone project from the John O. Ashford III Memorial Endowment.

The endowment was initiated in 2008 to honor the life of John O. Ashford III. John was a dedicated student and 2005 alumnus of the MET program. His family and friends came together to raise funds for this memorial endowment to provide funding in support of Mechanical Engineering Technology capstone design project teams.

Funding amount varies by year based on the value of the endowment and will be announced each Fall semester.

**To apply for the grant, please complete the attached application and include your senior project proposal. Preference will be given to projects with the greatest financial need, as well as those which will be entered in ASME competitions.**

Deadline to apply is **Monday, April 27, 2015 by 5:00 PM**. Applications should be returned to the Academic Services Center, room 108 T1.

*Questions on the grant should be directed to Vernon King, Director of Development, [veking@uh.edu](mailto:veking@uh.edu).*
