# FORGET WHAT YOU KNOW

Because we're not the University of Houston of old. We're a university of change, and we're evolving every single day. We're history in the making. We're forever forward. And we're never going back. Every step we've made over the last 92 years has been hard-earned and hard-fought. Nothing has been handed to us. This is a place where one person, one idea, one action can change everything. We're writing our legacy one student at a time.

# POWERHOUSE ISN'T JUST A CATCHPHRASE

Did you know we're a Carnegie-designated Tier One public research university? That's a classification awarded to less than 3% of colleges in America...so you could say it's a pretty big deal. Here's what it means: We're nationally recognized, not only for academics but also for the high-level, can't-find-it-anywhere-else research our students and faculty have spearheaded across campus.

Here, diversity is more than just a buzzword. It's a way of life. It's what happens when you drop a diverse student body into the middle of the fourth-largest city in America, surrounded by astronauts, Fortune 500 businesses, and magnetic sports teams. It's what happens when your students come from over 45 states and 130 countries around the world. It's what happens when your campus is truly a place for everyone. No matter who you are, we have a lot to offer. So, between classes and making memories that'll last a lifetime, you're going to have plenty to do.

# LIVE YOUR BEST LIFE

There's always something happening here, and there's only one way to guarantee you'll be in the center of it. And that's living on campus. Think about it! Is there anywhere else where you'll be just steps away from your best friend, 8 a.m. class, gym, and food? (No. The answer is no.)

Not to mention, you'd live right in the heart of Houston. You're just a quick drive or METRORail ride from wherever you want to go in the city, whether it's Downtown, the Museum District, or an Astros game.

# NEXT LEVEL

Look, there's no doubt that your time on campus is going to be amazing. But what happens after everything's said and done? This: you get a degree, the one you pulled all-nighters and skipped events for—a degree that will take you to the next level.

How? By giving you the confidence to pursue what you truly want. By knowing you'll have a family of alumni and peers who want to see you go places. By opening doors to jobs that launch careers.
