# Deeds' Voting Goals

Deeds  
Not Words

We want to make the Texas youth known through our votes!

We are one of the largest voting blocks and we have power to make change by having our voices heard.

We advocate for civic engagement, register voters, educate our peers about elections, but we are non-partisan!

**Pushing for progress— not through talk. Through deeds.**

  - **Issue committees:** have a specific issue you really care about and have knowledge about? We can help you lead a committee on that issue and focus what initiatives, projects, or partnerships we can create to help address it.
  - **Networking:** we are a group of diverse women across UH's diverse campus creating a network of support and friendship!
