Can I bring my friend/sibling/family member with me to NSO?

Parents and guardians are welcome at all orientations and, if attending, will follow a separate schedule of events. Because of the nature of the program, it is not appropriate for anyone except parents/guardians or spouses to attend as a guest. Friends or siblings are not allowed to accompany you. The exception would be an older sibling who is acting in a guardian capacity; however, in this case, the sibling would attend the Family Member Orientation and would not be with you during any time parents and students are not ordinarily together.
